

Special effects merit special recognition

As holidays creep upon us fast, planning and memories of years gone by envelop our thoughts.

David Wilt, Novi resident, has captured the fantasy of holiday moments for Channel 12. David, an artisan in his own right, has produced for television 30-second salutations for Channel 12. This most recent production is a very scary thriller of a Halloween theme. Thank you, David.

Those of you who are creating special effects through set design remember to create a relationship with your local merchant. Although businesses may not advertise on Channel 12, they may produce programming or contribute to the set.

A thank you in the credits right along with the producer and crew is the appropriate recognition. If you have any further questions, call 473-7288.

Fall is for Planting
Shade Trees

Fall is the best time to plant shade trees.

The cool moist days of fall and spring give trees two seasons to become established before the hot, stressful summer. We have the largest selection of landscape size shade trees in the area, ready to plant!

From \$150 to \$300 Cash N' Carry
We offer delivery & full installation service.

Lindsey is a 5-year-old diabetic. Her daily insulin shots, diet restrictions and constant blood monitoring only provide day-to-day control over the disease. They do not cure it. So Lindsey, along with 11 million other Americans, still faces the long-term risks of diabetes — like heart disease, blindness, stroke, amputation and kidney disease. The complications of diabetes will account for an estimated 150,000 deaths this year alone.

But thanks to your contributions to the Juvenile Diabetes Foundation, Lindsey and millions like her have something more to look forward to. In the past decade, JDF research has made great strides in isolating the causes and combinations of diabetes, bringing us closer to a cure. At the same time, diabetes increases by 6% every year. And in ten years the number of diabetics will have doubled.

So you see, your help is needed more desperately than ever before. For more information on the warning signs of diabetes and its treatment, and what you can do to help, call JDF at (313) 569-6171.

JDF
JUvenile Diabetes Foundation International

Insulin can keep her alive long enough to have kidney failure.
