HOW THE SKI AREA
WILL HELP

At Brighton Ski Area, we will provide you with a complete rental outfit including skis, boots, bindings and poles. Should you not fit or equipment need adjusting, you will be able to have a technician at your disposal. Because the equipment was rented from the ski area, you will be placed in a group beginner's class. Under direction of a professional ski instructor, the first lesson is designed to teach you how to put on your equipment, how to move around carefully on the slopes, and the place of the skier. The second lesson, which will take place on your second day using the beginner's only lift, if you are very nervous, a ski teacher would have to move higher up the slope. The third lesson, which will take place on your third day, will be a ski instructor that you are ready to make advanced slopes. You will be encouraged to purchase a lift ticket which will then allow you use of the lift, leaving more advanced terrain.

LOTS OF
SNOW
WE MAKE THE SNOW
IF MOTHER NATURE
DOESN'T

Please arrive at the ski area one hour before you begin your lesson. This is to give you time to familiarize yourself with the location of the ski school and the equipment. Upon arrival at the ski area, you will receive a complete report to the ski school and be placed in the appropriate class. The ski school information desk will then direct you to the appropriate place.
