

Basic service rates rise \$1.50 monthly

The Southwestern Oakland Cable Commission has received notice from MetroVision of Oakland County that subscriber rates will increase for basic service from \$12.45 to \$13.95 on Feb. 1.

The current average rate throughout the metropolitan area for basic rates is \$15. Increases in cable franchises are happening throughout the United States.

Although the Cable Act of 1984 deregulated cable, MetroVision has remained conservative as its market services. Our citizens can be assured that the programming services have been studied thoroughly before being brought on our system.

The administration and staff of MetroVision remain in close communication with the oversight authority of the Southwestern Oakland Cable Commission. Consumer quality of service is a daily concern of both entities.

For questions and problems, call SWOCC at 473-7268.
