Can Chiropractic Help Me...?

HOW MUCH WILL IT COST?
We often asked, "What's the cost of finding out whether or not a doctor of chiropractic can help my problems?"

We believe the answer can be found in a complete chiropractic consultation and examination, including X-rays.

And, to help you find out for sure, we will do a complete chiropractic examination, including X-rays (procedures that normally cost \$125 or more) for \$25.00.

We will make this special program available for the next two weeks. The only exception to the offer involves personal injury cases (worker's compensation and auto accidents) in which case there is no charge billed directly to the patient for the first visit.

\$25.00
