

Wood trim of every description will be on display at the Builders Show.

care than of craftsmanship. Measure carefully, cut exactly. Check the setting on your adjustable miter box before each cut. Work slowly. And, don't forget to use a level.

Paint and wallpaper first, if your crown or chair rail molding is new. If it

isn't, paint or finish the molding first, then paint or paper the wall up to it.

Hardwoods can be amazingly tough to nail. If you're working with oak trim, for instance, you'll be wise to drill nail holes in it before installing it, to save yourself a lot of bent nails and/or split wood.

Fire safety house is feature at show

IN AN EFFORT to reduce the number of fire-related injuries among children, the Southfield Fire Department has designed and built the "Children's Fire Safety House," which is a featured exhibit at the 1989 International Builders Home, Flower and Furniture Show, March 18-26 at Detroit's Cobo Hall.

In the "Children's Fire Safety House," firefighters will instruct children on how to escape smoke-filled rooms. Firefighters will be on hand to conduct tours and give safety information.

The exhibit will include live demonstrations of fire emergency situations and a fire safety video, which will run continuously throughout the show.

More than 200 children were injured in Michigan house fires in 1988 — many probably would have escaped

uninjured if they had had an escape plan.

"THE SOUTHFIELD Fire Department and various Mr. Build contractors have joined forces to build the "Children's Fire Safety House," said Southfield Fire Inspector Randy Fryfogle.

"The 8-by-26-foot-long house is a down-sized mobile replica of a two-story house equipped with a bedroom and a hallway on each floor.

"In the future, the house will be transported to elementary schools to teach children two emergency methods of escaping a burning house during an actual fire drill," he said.

The house is constructed of donated materials by volunteers of both the residential contractor industry and the firefighters.

Air Conditioning & Heating

SERVING THE TRI-COUNTY AREA

RESIDENTIAL COMMERCIAL

SPECIALIZING IN PREVENTATIVE MAINTENANCE

MODEL 38 TG

*PRICE BASED ON ADEQUATE ELECTRICAL SUPPLY & OF DELIVERY ST SYSTEMS. A/C PREP.

Carrier
