

Tip leads police to stolen property

A tip from a citizen led police to two Wayne County men suspected of stealing a laser color copier, a van, tools and parts worth \$55,000 from a Farmington Hills business machine company last weekend.

Property stolen from Hovinga Business Systems, 23684 Research Drive, included a \$40,000 color laser copier. A company van worth \$5,000 was taken to transport the property, police said.

Damage to doors, desks, cabinets and other property was estimated at \$25,000. A forklift was driven into stock items. Several work areas were ransacked. An attempt to steal a second van failed, police said.

Arrested Monday before District Judge Michael Hand of Farmington, John Clyde Kucibach, 21, of Westland, pleaded not guilty and Frederick Allen Kuykendall, 20, of Wayne, stood mute to charges of receiving and concealing stolen property over \$100.

Fuebach stood mute to a charge of breaking and entering of a building with intent to commit larceny, but pleaded not guilty to charges of malicious destruction of property over \$100 and unlawfully driving away an automobile.

Innocent pleas were entered in their behalf. Hand set cash/surety bond at \$5,000 pending a preliminary examination in 47th District Court. Conviction could bring penalties ranging from four to 10 years in prison.

Kuykendall is an escapee from the Detroit West Side Correctional Facility a halfway house where he had been serving time for a burglary conviction, Farmington Hills detective Daniel Krause said.

AT 3:45 p.m. Saturday, a citizen called the Canton Township Department of Public Safety to report that two men were dumping garbage bags from a van into the woods near Palmer and Lotz. The citizen provided the van's license plate number.

Investigating officers found the bags contained parts of business machines with Hovinga Business Systems stickers. The parts were identified as coming from Farmington Hills, Krause said.

After determining Hovinga Business Systems in Farmington Hills had been broken into earlier that day, Canton officers arrested the two men in the van about a quarter mile away.

Problem solving students compete

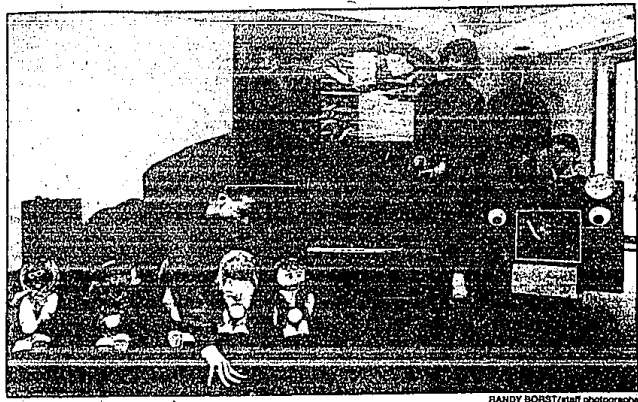

Thirty-five Farmington students and their coaches will head to Central Michigan University Saturday for Odyssey of the Mind state competition.

Five of 19 teams qualified at regional competition. They will represent Farmington Public Schools and Oakland County. Teams from O.E. Dunckel Middle School, Power Middle School, North Farmington High School, Highmeadow Common Campus Elementary and Gill Elementary will participate.

Odyssey of the Mind is a creative problem-solving program for students in all grades. Students are given problems to solve as a team that focus on either technology or performing arts.

Teams are judged on the originality of their solutions and their presentation of the solution, as well as a spontaneous problem they must solve on-site at the competition.

Farmington schools sponsored teams from Beechlow, Gill, Highmeadow, Larkshire and Wood Creek elementary; O.E. Dunckel, East and Power middle schools; and
