*Is A Rose Always A Rose?*  
Several yesterdays ago it was safe to say "A Rose Is A Rose Is A Rose." Today, we're faced with flowers of different petals.  
The rose on the left is indeed a rose. The rose on the right is man made—of silk. See the difference?  
You can't always see the difference in kitchens either. That's why you need to invest some time examining Merillat Kitchens in our KSI Showrooms. We will demonstrate how Merillat craftsmanship is more than skin deep—the many innovative features such as the Whisperglide® Roller Drawer System—and best of all how Merillat gives you the custom look without the custom price tag.
