Those green and special events may be detailed.

The audio portion of cable Channel Bis a combination of realded-produced shows. These people have taken our free radio workshops and learned how to produce their own. The classes consist of six people and one instructor. They are beld on hight a week for three weeks. The hours are from 7-10 p.m. Week No. 1 includes an overall better than the could be designed to the second of types of shows, music available. The male equipment, a scenarios of types of shows, music available, count tables, cassette and micro-phoners.

week No. 2 dives right into team Week No. 2 dives right into team radio production. Each pair help one another produce a radio public ser-vice announcement of 30-60 seconds. Production elements used include voice, music and sound effects. Script writing for each pair's final project is taught. Week No. 3 is the production of the final project radio shows. Editing is

cable connection Lark Samouelian

oxecutive director, Southwestern Oakland Cable Commission

taught at this time as each pair have an actual program on tape to work with.

with.

Upon completion, the residents are certified and enter the world of the "best radio on TV."

Use of the equipment and facilities and channel time is free for non-commercial programming. Read and listen to Channel 18.
