Record growth reported by insurer

Assess of Accessor Hamilton Life
Insurance have increased to \$3.5 billion or 13 percent, in the first half of
1989, it was reported by chairman
and chief execultive officer Richard
Headlee from the company's home
office in Farmington Hills.

"Record growth of Alexander Hamilton Life is also continuing in other significant categories reported in the highly competitive life insurance companies competing for business in North America.

Frederick Blackmon, appointed senior vice president and chief finan-

"Total insurance in force has increased 10 percent over year-end 1988 and now exceeds \$23 billion." Headice said. "Alexander Hamilton Life now ranks among the top 5 percent of all life insurance companies in North America."

cial officer of Alexander Hamilton Life in May, noted that capital and surplus under generally accepted as counting principles increased to \$35 months of 1939. "That include the county of the county of the strong operating earnings," Black-mon add.

BASED ON record 1988 growth results, Alexander Hamilton Life was ranked by the leading industry authority as 44th among life insur-

investment income.

In recognition of consistent financial performance and strength compared to North American competiors, Alexander Hamilton Life was recently notified by AM. Best Co., the international insurance rating service, that Alexander Hamilton Life carned another "Az Superior" rating in 1988 for the 11th consecutive year.
