

Textile artist Beatrice Shulman shows some of the pieces that will be displayed Aug. 6-31 at the Exhibit Gallery, Library Wing on the Madonna College campus.

Textile artist exhibits at Madonna College

Beatrice Shulman found out she liked to sew when she was eight years old. Through the years, her hobby became an art and her art became noticed. Shulman, a professional textile artist and Farmington Hills resident, now uses a variety of material to express her talent.

"If I don't get into my studio a couple times a week, I get a bit irritable," jokes Shulman. "My work has become more than a pastime, it's an obsession."

Her work in reverse applique recently earned a place in the top 10 at an international textile art show in London, Ontario. This piece and many others will be featured at the Exhibit Gallery on the Madonna College campus August 6-31.

ORIGINAL WORKS include such mediums as Chinese silk and metal, applique and reverse applique, quilting, even a special Guatemalan technique called, "tilda." Hand-dyed cloth is featured in many of Shulman's pieces.

Active in the Needlework and Textile Guild of Michigan and the Canadian Embroiderers Guild, Shulman attends many seminars, including a workshop she has participated in for 13 years at Ontario's Brescia College. These gatherings allow her to perfect her craft and develop new ideas.

"**THE WHOLE FAMILY** supports me. My husband sets up the exhibits and hangs my work and the kids come to see it," Shulman explains with pride.
