Traffic board organizes

The Farmington Traffic and Safety Board, formed this year, has started regular meetings and is seeking feedback from the community.

Any residents with traffic concerns, requests or suggestions should send them in writing to Frank Lauboff, director of public safety, Farmington City Hall, 23600 Liberty, Farmington, 48024.

The board held its first meeting Sept. 21, when it organized and gathered information from Lauboff and

traffic engineer Robert DeCorte. Future meetings will be held on the third Thursday of each month at 7:30 p.m. at Farmington City Hall.

The Traffic and Safety Board was formed after residents voiced concerns about traffic in the city during the past two years. The board serves in an advisory capacity and will study issues and make recommendations to the city council.

All board meetings are open to the public.
