

# Prep tourney ready to roll

**H**IGH SCHOOL BOWLING teams are now forming for the Second Annual Michigan High School Bowling Championship Tournament.

Entry forms have been sent to 348 school districts in southeastern Michigan. A major change from last year is that there are now separate divisions for boys and girls. A school can now enter either gender. If you are a high school student and interested in this event, check with your principal to see if your school will be participating.

Last year, 45 schools from the metropolitan Detroit area took part in the event with Sterling Heights Stevenson capturing first place.

Dates for the event are: April 28 or 29 for qualifying, May 13 for the semifinals and May 20 for the finals. Entries must be turned in by March 21. The team entry fee is \$60.

The tournament is sanctioned by the Y.A.B.A., and all bowlers must be amateur athletes (not having competed for money in the adult leagues).

Teams will consist of four bowlers and two alternates. Scores will be based on scratch totals and no handicaps will be used.

The qualifying round will reduce the field of 32 teams based on total pins for three games. The semifinals will be based on head-to-head competition. The winner will move ahead to the next round. Bowlers can compete only for their school.

The location for this year's event will be Savoy Lanes in Pontiac at M-59 and Telegraph Road.

The Michigan Bowling Proprietors Association's Bowling Charities Tournament is now under way. It runs from Jan. 22 to Feb. 4. Every bowler is asked to contribute \$1 to the fund. This gives the bowler eligibility to compete further in the local, regional and national events.

The fund supports a variety of charities. Each bowling center can designate a particular cause to be supported. Some bowling centers may offer incentives such as free games during open bowling.

This is a most worthy event and all leagues should support it 100 percent.

Livonia bowler Dawn DeVita was the first-place finisher in the U.S. Open amateur qualifying. She rolled up the 755 series in the Thunderbolt Ladies Classic League.

Kurzer won the 200 freestyle (1:59.72) and 100 freestyle (53.27), and Meili was first in the IM (2:13.43) and 500 freestyle (5:22.02). Eric Crawford, Bonner, Kurzer and Meili won the relay in 3:44.68.

Farmington's Rob Stauffer, Pat Inch, Mark Scario and Riley comprised the winning medley relay team with a 1:56.05. Inch also won the breaststroke (1:12.77), and Brandon Richardson compiled 204.30 points to win the diving.

Meili and Kurzer are the team leaders, but Bandy is encouraged by the underclassmen in the Farmington program, too.

"I'm real impressed by the freshmen and sophomores," he said, "and it looks like we're starting to build a future with the younger swimmers."

Kevin Yoder, Scott Frump, Graig Mathie and Dave Kandi are among the up-and-coming swimmers, but Farmington's fortunes will largely revolve around Meili and Kurzer this year.

"They're my standout swimmers, of course, and we have a couple more," Bandy said, citing Bonner and Riley. "But the one who has most impressed me this year is Kurzer. His attitude is outstanding, and we look to have a good year from him."

## To fight crime in Philly, people plant posies.

"The bad part of town," abandoned cars, sidewalks scattered with crack vials. Bombed-out buildings.

A neighborhood whose spirit is as broken as the bits of glass that dot the street. There are only two things to do to your neighborhood becomes a war zone: give up or take action.

The Philadelphia Story One day, in the "bad part" of Philadelphia, a neighbor complained to a neighbor.

And then to another. And then to more. People didn't like their homes being "taken over." Realities of helplessness and resentment turned to action.

They went to the police for help.

Soon a substation was established where folks could readily report crime. Weekly meetings began. Community watches started. Things started

getting fixed up. Vacant lots were cleaned up and fenced off. Abandoned cars were towed away. Painting and repainting programs began.

The neighborhood was cleaning itself up. The local 4-H Club even helped set up garden clubs where kids, teens and adults could work together on plants and flowers while talking over ways to raise awareness.

When people care and get involved neighborhoods change. When a block doesn't look like a haven for crime and drugs, it won't be. And in this part of Philly, where once only apathy grew, seven gardens now bloom.

This is only one success story of many. To find out what can be done in your neighborhood, write: The McGruff Files, 1 Prevention Way, Washington, D.C. 20039-0001. And help...
