

Dolan to seek 2nd House term

a certain value to filling every position, even against an incumbent where it's impossible (for a Democrat) to win," Vagnozzi said. Putting up a Democratic candidate just to illustrate different viewpoints is important, he added.

Dolan was elected in 1988 by a more than 20,000-vote margin over Democratic opponent John Dolan. She replaced longtime Republican legislator Wilbur "Sandy" Brotherhood of Farmington.

With an interest in the environment, Dolan is the only new legislator on the state House conservation, recreation and environment committee. "That's what I'm really excited about. We're working on developing markets for paper and plastics and other items," she said.

DOLAN ALSO serves on the liquor control, consumer, and house oversight committees. She also is on an ethics subcommittee of the house oversight. In 1989, Dolan also served on the House Republican Task Force on Drunk Driving.

Dolan said she made it a priority to keep not only constituents informed, but city officials, including police chiefs, city clerks and city managers, as well.

"I ask them what their concerns are and I try to keep them current on what's happening in Lansing. A lot of things affect them that they may not know about," Dolan said. To keep in touch with constituents,

Dolan has Friday office hours at the Farmington and Farmington Hills city halls, as well as in the municipalities within Southfield Township. "I think she's done a good job of

keeping in touch with people," Bates said.

In January, Dolan mailed a survey to residents in her district to determine how constituents feel on cer-

tain issues the state Legislature expects to address this year. Issues addressed in the survey are drunk driving, crime, patient advocacy, abortion and recycling.
