

3 nominated for cable awards

Southwestern Oakland Cable Commission is proud of Fred Shaheen, Denise Swope and David Witt.

All three are nominees for nationally recognized television awards. They received grants from SWOCC to expedite their creative projects.

Fred Shaheen received a nomination for the National Association for Television Arts & Sciences in the documentary category. His program was, "Listening, Learning, Loving: Parents of Lesbians and Gays."

It took Fred approximately a year and a half to produce and edit this program. If you remember, Fred was a fine television instructor for MetroVision.

Denise Swope has been nominated for her public service announcement about abused and battered children in the national cable system Ace awards. Her production team included Tom Daugherty and Terry Kelly. Her philosophy has always been to put together a program of social significance.

The PSA is unique in that Denise received a grant to hire the new technology of Claymation of a teddy bear. Denise is recognized in our system as having been a co-producer of Community Uplink with Sharon McDonald. Denise also helped the Novi Jaycees recognize and learn community television.

David Witt has been nominated for the Channel 12 holiday promo for Thanksgiving for the NFLC Home-town USA Video Competition. This promo was creatively produced in black and white. All David's productions have been recognized as being dramatizations, leaving one with affected emotions and a touch of humor.

Congratulations Fred, Denise and David. We are so proud of your caring and creative endeavors.

We'd like to meet the man
who made Ike what he is today.

In fact, we have a warrant out for his arrest. Because no one should be able to do things like this to an animal and get away with it.

On December 15, in response to an emergency call, Michigan Humane Society (MHS) cruelty investigators arrived at a house that had been abandoned by its former tenant for over a month. There, among the trash and other garbage the owner had no further use for, they found Ike. A five-month-old puppy lying huddled behind a locked bathroom door. Lying because he was too weak to stand. So malnourished he could barely move his chest to breathe.

He had been locked inside that bathroom for over a month. Without food. Without heat. And with only the water from a rusty toilet to keep him alive. MHS investigators called it the closest to death they'd ever seen an animal. Yet Ike was fortunate. A kitten found in another part of the house was already dead.

This kind of willful neglect and cruelty is more than an outrage. It's a crime.

And that's why your help is so important to us. Your contribution to the Michigan Humane Society helps us fight for stronger legislation and tougher prosecution of animal abusers. To fight back for those who can't. And to make sure that this kind of crime doesn't go unpunished.

Your contribution also ensures that when we finally meet the man who locked up Ike, we can do the same for him.
