NACEL program to include U.S.S.R.

Students from the Farmington area can now visit the Soviet Union through NACEL Cultural Exchanges.

Qualified teenagers have the opportunity to live with French, German or Spanish families. Also, students can stay in Ireland, the Ivory Coast in Africa or, starting next summer, to the Soviet Union, said area organizer Martie Ports. Programs are available for 3- or 4-week homestays.

A total of 132 teens from Michigan

went abroad last summer with NACEL. "This summer we hope to expand our numbers to further understanding of people and cultures," Ports said. "American teens are the best ambassadors that we've got."

NACEL exchange students from France, Spain and Germany will continue to come to the Farmington area.

Anyone interested in hosting a family or sending their teens abroad, can get further information by calling Ports at 476-0793.

"Please, my little girl needs blood!"

Imagine if you had to ask for blood to save the life of someone you love. Next time the American Red Cross asks, give blood, please.

GIVE BLOOD, PLEASE 

Is his car ready for winter driving? We can install mufflers in five minutes.

An interesting thing happens to people during the winter months. They get cold. They shiver. They tremble. They get frosty and icy. Why, between here and the car or the office an ordinary human being can become quite popsicle-like. But you, during this gift-giving season, have it in your power to effectively modify the mercury and temper the temperature. Yes, wrap his neck and chest with yards of silk or wool or cashmere. Give him that warm feeling that comes from being loved and dressed for the weather. Okay? Good. Now, let's talk gloves.

Men, if you're about to turn 18, it's time to register with Selective Service at any U.S. Post Office.

It's quick. It's easy.
And it's the law.
