### Cable Channel 12 offers 2 new viewing hours

cable connection

Channel 12 has added two hours to the viewing schedule every weekday. The hours between 4 pm. and 6 pm. are filled with quality programming, appropriate for the entire family. Programming during these hours will include programs that deal with such subjects as state legislative activity, home video camera classes, medical discussions, local history of people, places and things and children's programming. The wonderful aspect of a local channel is that the channel lineup does change from yeek to week as new producers are adding shows. This is a basic difference from broadcast channels, which commit to specials or six or 13-week series with advertising responsibilities, are congramming. We hope you take advantage of your local channels and enjoy and learn from them.
