

## Nail down money

**E**STIMATE THE correct number of nails in the House of Nails and become \$20,000 richer.

The popular House of Nails contest will once again be part of the builders show.

The plexiglass House of Nails, 20 by 26 inches wide and 24 inches tall, with a 12-by-12-inch wide, 17-inch-tall addition, is traditionally filled with nails one month before the builders show to give show attendees the chance to brush up on their "skills of approximation."

The House of Nails will remain on display in the lobby of First Federal of Michigan in downtown Detroit until the builders show opens.

On Saturday, March 16, when the doors open at the builders show,

attendees will have the chance to register their estimate of the number of nails contained in the house. The person estimating closest to the correct number of nails in the house wins \$20,000. The House of Nails will be on display in the center of the show floor from March 16-24.

The official House of Nails judges are Patti Knox, Cobo Center director; Jim Bonadeo, Builders Association of Southeastern Michigan president; Jim Scott, James C. Scott and Associates president; Bob Heron, of Allied Florists; Al Marshall, first Federal of Michigan vice president of lending; Tom Smith, of the Wildflower Association of Michigan; and Tim DeWitt, Michigan Manufactured Housing Association executive director.
