

COLORS OF PEACE

Color Gary Anoshka's dreams big. And color the biggest one complete. Utilizing the talents of artist Gary Redfern, Anoshka's design company has been able to produce a poster marking the end of hostilities in the Persian Gulf. It has already made its way to the hallowed halls of the Pentagon and, if Anoshka has his way, it'll hang in the White House. Color this one, "The Storm is Over". Page 6
