ONE OF THE GREATEST TOOLS FOR SAVING THE ENVIRONMENT.

Take a long piece of string. Wrap it around a small stack of newspapers. Then take it to a recycling center or leave it out for collection on recycling day. You'll be helping U.S. newspapers in their drive to encourage recycling. More than a third of our country's newspapers were recycled last year. But without your help we won't have the material to make recycling work.

So tie a string around your finger. It'll help you remember to recycle.

Read. Then recycle.
