## Mercy, Farmington on collision course

Regina's goal was the result of a penalty kick.

The Marlinas, 12-2-2, were scheduled to play the winner of the River-view Gabriel Richard-Allen Park Cabrini game in the second round Wednesday. The final will be played Saturday at Oakland University.

FARMINGTON COACH Cathy Kananan and possibly some of her players will be out to see the Marlinas play this week.

The Falcons play at Northville tonight in a Western Lakes Activities Association crossover game, but Farmington is preparing for a rematch with Mercy on the opening day of post-season tournament play Monday.

The teams, which played for the district championship last year, meet at 4 p.m. on the Mercy field. The Marlinas upset No. 1-ranked Farmington last year and advanced to the state semifinals.

"We're going to go at them; we'll have to play our best game," Kananan said. "I'm sure our girls will bring a lot of emotion with them from last year. Mercy is a very good team, and we know we have to play a good game."

The Falcons ended their season record at 6-6-1 Saturday with a 4-1 victory over West Bloomfield.

The Lakers led 1-0, but Farmington got the next four goals, including three by Sue Gibson. Kim Poppy scored the other goal.

Michelle Lorenz, Jesse Vitler and Julie Dugan assisted on one goal each, and Gibson's last goal was unassisted. Kris Soper and Kim Owcarszak split in goal for the Falcons.

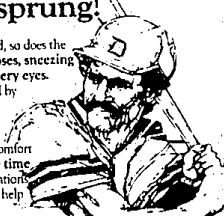

Patil Shea scored two goals Monday in Livonia Franklin's 3-2 win over host North Farmington. The Patriots led 2-0 at halftime and also got a goal from Karl Zabel. Franklin was 4-8-2 with the victory.

## How to win at the numbers game.

The game is newspaper advertising — and the rules are changing. Rates are up in the Detroit News and Free Press. Suburban circulation is down. And all around town, advertisers are wondering what numbers to trust — and where to place their media dollars. What should you do?

### Beware of smoke and mirrors.

Right now, the News and Free Press circulation is unstable at best. On the other hand, SPRING's network of 39 Detroit suburban newspapers delivers to more than 500,000 households — and that's a real number.

How do we know? All SPRING newspapers are audited. Every year, the circulation figures for each SPRING newspaper are verified by either CAC or ABC — two of the industry's most highly-respected independent auditors.

No slippery stuff here. SPRING's numbers are tested, tried, and true.

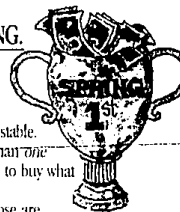

### Place your bet on SPRING.

Once you've studied the numbers, we're sure you'll agree: SPRING is a sure winner.

SPRING's circulation is solid and stable.

It's audited. And it represents more than one million readers who have the means to buy what you sell.

No matter how you figure it — those are very good odds, indeed.

**SPRING**

One call. One order. One ad. One million readers. One heck-of-a-buy.
