SOAP TALK

Viewer wants scoop on Jill Abbott's background

By Candace Havens

Dear Candace: I have been watching *The Young and the Restless* for almost two years now.

I wonder if you could give me some background information on the chronological events as they affect the Jill Abbott character and relate to Katherine Chancellor Sterling.

Recently it was mentioned by Jill that she spent some time caring for Katherine, who was an alcoholic at the time.

Jill is little Phillip's grandmother; his father, Phillip Chancellor, was Jill's son and Nina's husband.

In a recent episode, Jill Abbott talked about what was to have been their 10th wedding anniversary. It was also indicated that they met and fell in love when Jill was so young.

I do hope you can help me with this information. —Thank you, Kathleen

Snowden, Somerset, Mass.

Dear Kathleen: Jill worked as Katherine's hair dresser and maid. Jill had an affair with Katherine's husband and became pregnant. So, Phillip's father was Mr. Chancellor. Jill married John Abbott to help her social standing, but really ended up loving him. Unfortunately she indulged in an affair with Jack, John's son, which wrecked her marriage with John. She has been trying to get back in John's good graces ever since.

Dear Candace: *Days of Our Lives* is getting worse all the time. I can't stand Jack and Jennifer and Maggie and Neil. I wish Shane and Kimberly would get back together. I never used to want to miss a day of the show, but now I don't ever feel I've missed anything if I do miss it. I don't like what they are doing with Kayla and Shane. They are definitely going to have to improve from where they are now if I'm going to continue watching the show. —Thanks from a fan in Conroe, Texas

Dear Reader: I, for one, am excited about the storyline of Shane and Kayla and Kimberly and Lawrence. It has certainly livened things up on the show. It will be interesting to see where it all leads.
