

Production classes offer hands-on experience

Instructors Todd Whitman, Kevin Southers and Donnell Conway were pleased with the interest shown by each of the participants.

You will recognize these active people: Vito Accioli, Evelyn Butten, John Butten, Dennis Canfield, Tami Case, Chuck Cook, F.M. Dudas, Ken Gilde, Patrick Harris, Julianne Hovanecian, Pat Isahm, Ray Kaczor, Mike Madias, Fran McMillan, Doug McKee, Steve Meyers, Linda Newman, Rick Siegel, Vic Smalls, Jill Turley, Theron Walker, Bob Wightman and Stacy Winteringham.

These people all have specific television programs which they intend to create at the new studio. This studio option is designed for specific production elements such as: large audiences, elaborate set design, chromakey, theatrical productions and need for five-camera setup etc. Our monthly classes at MetroVision will continue for those folks who are wanting to begin in one of the Community Television. MetroVision staff teach one of the most intricate yet hands-on television classes available even at college level.

Those who take the classes will find themselves very well versed. Our SWOOC Production Specialists especially appreciate this and thank

Pursuant to Public Act No. 5 of 1982 and Public Act No. 43 of 1963 (2nd Ex. Sess.), the Board of Education of Clarenceville School District will conduct public hearings on increasing property taxes for operating expenses and the proposed operating expenses and the proposed operating budget for 1991-92. The hearing will be held:

Thursday, May 30, 1991
Board of Education Offices
20210 Middlebelt Road

We Need Volunteers Who Love Happy Campers!

Sun Deer * campers are happy campers and it's no wonder because most severely asthmatic kids are forced to spend their summers indoors. At Camp Sun Deer, asthmatic kids ages 9-12 participate in a variety of outdoor activities, but they can't do it without your help. The limitations and doubts they face can be diminished by a volunteer who cares. Your participation at Camp Sun Deer can make all the difference in an asthmatic child's summer.
