time the attack. (Defense) is where we seemed fatigued, and I haven't noticed that, not in the last few weeks when we've been playing well."

Macioce all but won the game when she drilled another hard shot that also eluded an outstretched Owszarak with seven minutes to play.

Kansman called Mercy's first goal an eye-opener. Dudley raced up field with the opening tap and scored in the first minute of the game.

"All season we've been stressing 'Let's get to the ball first, draw first blood,'" Shivrman said. "In other games, we've had to come back. —

"ONCE YOU score you should be motivated and able to tap into some reserve. It can be a plus but also a negative. You can let up, but this

game was so important we knew we couldn't do that."

The Marlinas, however, found Farmington to be an aggressive, inspired team, and the Falcons counted with a goal by Sue Gibson 10 minutes into the game. She headed the ball into the net off a corner kick. The shots were even in the first half.

"We knew they were going to be a awesome team, and they kept pressing all the time," Shivrman said. "Gibson and (Kim) Popyk were putting the pressure on relentlessly."

Shivrman praised the overall play of freshman Theresa Cisco, who had the job of marking Gibson, as well as defenders Beth Zlobro and Colleen O'Connor.

"Up front we got a lot of control from Dana and Tanila," he said. "Dana was in almost every play offensively, and what coach wouldn't want Renee Larabell in goal."
