Figure 1 is a line graph showing the percentage of respondents who believe that the use of force is justified in various circumstances. The x-axis represents the percentage of respondents who believe that the use of force is justified in the given circumstance, ranging from 0 to 100. The y-axis represents the percentage of respondents who believe that the use of force is justified in the given circumstance, ranging from 0 to 100. The graph shows a positive correlation between the two variables, with a dashed line indicating the trend.
