HERALD SASH & DOOR CO

The Place to Buy Windows

Winter chill can steal the comfort right out of your home. But Hurd Windows help you keep winter chill (and Summer heat) outside, where they belong.

Hurd Windows are built tight with solid wood interior, triple-weatherstripped, then, if desired, clad with rugged extruded aluminum, for years of maintenance free beauty.

Most important, Hurd Windows with Heat Mirror™ actually insulate your home as well as a comparable thickness of fiberglass, so your home stays more comfortable year-round. It will cost you less to heat in the Winter and less to cool in the Summer.

No other leading window is built with more care than Hurd. And no other leading window gives you more performance, comfort or value. Don't take our word... Compare and you'll find Hurd tops them all. Herald Sash and Door is the largest stocking dealer in Michigan!

Hurd beats the other leading windows all ways. Here's Why...

- Extruded aluminum clad sash and frame, maintenance free finish
- Heat Mirror™ film, reduces fabric fading
- Insulates like a

- Solid pine interior, to paint or stain
- Double-pane with divided sashes and Heat Mirror™ insulates twice as well as ordinary double-pane

Cost 25% Less Than Other Top Brands
