GOD GAVE US THE TECHNOLOGY TO INVENT THE COMPUTER
Among the greatest inventions of this century is the computer. It has become a necessity to businesses, government, medical facilities, etc., and many a home now has one. It performs a mind-boggling array of useful functions, like retrieving case histories in seconds. It serves as a typesetter, an artist, a composer, a photo processor, and a planner of achievements beyond the imagination of most of us. The computer is indeed a marvel of modern technology. Our House of Worship teaches us that God created man and endowed him with the ability to invent something like this. There is no finer example of the good that can be accomplished by human ingenuity, or of God's wisdom in making all things possible as a result of it.
God gave them wisdom that have let them use their talents.
-William Shakespeare
These things are good and profitable unto men.
-Titus 2:8
