Men's footwear — walking made easy

CONSIDER THESE your walking papers — the shoe and boot line for fall.

"The big noise in men's footwear is the comfort ingredient. Almost every manufacturer has revamped their collections to introduce comfort with shoes that are easier on the feet," said Sam Elder, Jacobson's vice president.

Since function follows form (and the form is rugged, rustic), naturally the footwear look this fall is gutsy outdoors.

Expect textured suede finishes and thick soles in colors or rich tobaccos, browns, oils, taupes, olive

and rust. Both shoes and boots come in rich leathers and nubuck.

The ever-popular suede and red-rubber-soled buck is still a key fall shoe, but also look for black and brown nubuck instead of tan suede.

Code West is pushing the country feeling further with cowboy boots sporting silver tips on the heel and toe, and a buckle and chain detail.

Alan Bishop, president of Southfield-based Mr. Alan's Shoes, reports: "I'm seeing a trend toward soft leathers, shoes are not as shiny. Colors are extremely important, from olive to mustard.
