High Tech High Fashion

The Micro-Touch™

is unlike any jacket you've
ever felt or worn before.
The Micro-Touch™ is wov-
en of ultra-fine micro fi-
bers that will outperform
jackets made from other
materials.
Both durable and forgiv-
ing, you can pack it in
anything — a suitcase,
duffle bag, even a brief-
case, and it will always
retain its shape and char-
acter.
