Owczarzak minds net for SC women

There's something all-too-painful-familiar about the Schoolcraft

There's something all-too-paintuply familiar about the Schoolcraft College women's socret team. Once again, a numbers game face the Lady Occiote.

A year 'ago, when they 'finished third in the National Junjor College Athletic Association 'Torrament, they did it with the bare minimum. Index Bowman, who had been one of SC's top 'scorers', was in goal throughout the season-ending tourney simply because there was no one else.

Literally, There were just 11 team members at the end of the season.

While the talent in some aspects is improved — including goal, where Farmington grad Kim Oweczarzk takes over — there are still block to fill.

The bench is, once again, one of

The bench is, once again, one of

them.
When defender Jennifer Marshall opted against returning for her sophomore season, it left coach Nick O'Shea with a problem. All of the defense, save Livonia Franklin grad Jennifer Whitfield, has departed.

AND THERE is little to choose from. O'Shea opened practice last Mooday with just 10 players. He has since increased his toster to 12, and had some other contacts.

But the latecomers may not be able to contribute loo much, too

able to contribute too much, too soon.

We the problems in recruiting?
"I really think it's the '73 birth year," aswerce Shee, who has guided not too the NICAN Tournament of the tour cossons and title in '87. "They had a bard time in age group soccer and a lot of them quite the tour cossons and the tour '75." age group soccer and a lot of them
"There just weren't many seniors last year in high school."
The hometowns of 'O'Shea's signess indicate he has had to go to greater lengths to find players. Among his recruits are Bocky Disverso from Millord-Lateland, Carroll Theorem South Lyon and Succession of the Control of the Control Lyon and Succession South Lake.

STILL, IF O'Shea can find enough bodies, his team should fare well

again. The offense is impressive, with Nikki Johnson (from Livonia Churchill) returning from last season's squad and Shannon Meath (Plymouth Canton) back after taking a year off. Meath was an all-American in 189

can in '99.

Joining them will be Lori Place
(Churchill), a strong inside player
who started for O'Shea's Churchill
team for four years.

who started for O'Shea's Churchill team for four years.

The midfield should be more than adequate, too. Sarah Bayes (Plymouth Salem), who played both midfield and forward last season, returns. Nancy Pullec (Churchill), Dinverno and Pietlia will join her there.

Of Dinverno, O'Shea sald: "She's been a pleasunt surprise. She has pleasunt surprise. She has call hard shot and works hard. I've been impressed by her so far.
"It's the same thing (with Pletlia). Neither one is from a traditionally strong program, but they have looked good."

strong program, but they have looked good."

ON DEFENSE, O'Shea has Coliece O'Connor (Farmington Hills Mercy) slated as stopper and Amy Krajewaki (Salem) to fill in a sweeper. Whittield will be at one outside defender and Hillgendor! is expected to be the other.

Such a thin — actually, almost non-existant — bench creates so many questions. "If these 12 stay healthy, If we have them going into nationals, we'll do well," O'Shea predicted, "because they can play."

And yet, he admitted, "the defense right now is the question mark. If I have to rob from my middfield or offense for my defense, it will hunt."

The Lady Occlots will be tested during their regular season, facing many of the top teams in the NICAA. Included on their schedule are two trips to New York, the Iirst this weekend for the Monroe CC Invitational. SC plays two games a week after a trip to the profession of the control of the Col. 1). O'S gentled and Col. 1). O'S gentled and Col. 1). O'S gentled and Florissant Valley square off again at the SC Invitational Cc. 19-20. On the second day, SC plays Meramee CC.

If O'Shea can keep a team on the field, it could be another banner season.
