

# Say goodbye to lye Oct. 12

By Joanne Maliszewski  
staff writer

You don't have to worry what to do with all the stuff you've got under the kitchen sink, in the garage and basement.

There's an answer. And it's from 9 a.m. to 3 p.m. Saturday, Oct. 12, in the parking lot of the 47th District Court in Farmington. That's when you can dispose of your household hazardous materials.

The special disposal day is for Farmington and Farmington Hills residents only. No commercial or industrial businesses please. Residents must show their driver's licenses when they pull into the parking lot on 10 Mile, west of Power Road.

The two cities have a six-year joint contract with Waste Management of Michigan, Inc., which is sponsoring the disposal day.

As with the first household hazardous materials disposal day in April, field scientists and technicians will

Chemical Waste Management, a division of Waste Management, will be at the site to help residents.

THE APRIL disposal day was considered an overwhelming success with the attendance of 733 residents who dropped off 27.5 tons of material, said Karen Birsholte, recycling coordinator for Farmington and Farmington Hills.

"There was a steady stream of people. We even had to open it early," she added.

When residents show their license, they will be shown where to drive in the parking lot where technicians will remove the materials from their cars. There is no need for residents to get out of their cars.

Chemical Waste Management, which will dispose of the collected materials, will limit single containers of waste to a maximum five gallons of liquid or 40 pounds of solid waste.

Items such as the following will be

accepted for disposal: cleaners, motor oil, antifreeze, car batteries, household batteries, drain and oven cleaners, wood and metal cleaners, gasoline mixtures, carburetor cleaners, strippers and removers, adhesives and glues, pesticides and herbicides.

Chemical Waste Management will limit disposal to household hazardous materials and will not accept any commercial or industrial wastes. The following items will not be accepted: aerosol cans, with freon 11 or 12, compressed-gas cylinders, radioactive materials, explosives, shock sensitive compounds, dioxins or their derivatives.

Residents planning to dispose household hazardous materials Oct. 12 are asked to enter the 47th District Court parking lot on northbound Raphael — one-quarter mile east of Farmington Road — off Shiawassee. The 10 Mile entrance will be barricaded.

This map shows how Farmington-area residents should enter the 47th District Court parking lot to dispose of their household hazardous materials between 9 a.m. and 2 p.m.

Saturday, Oct. 12. They should enter the site from northbound Raphael — one quarter mile east of Farmington Road — off Shiawassee. The 10 Mile Road entrance will be barricaded.

## obituaries

## Please Help A Neighbor's Child In Need!

In Third World countries, hundreds of thousands of children are in desperate need of food, clothing, medical care — the basics of life. These girls and boys are even denied the opportunity to attend school. They are our neighbors in a world that grows smaller every day.

Through CCF, you can sponsor a neighbor's child. The cost is \$18 a month — just 60¢ a day — to help a poor child in Asia, Africa or Latin America — a child who has virtually nothing.

Please pick up your phone now and dial the toll-free number below. Be a good neighbor by helping an innocent child.
