FRESHENING BREEZES

By Fred D. Keister
What has become of the old-fashioned burger who made a round of social calls on New Year's day?

A Princeton scientist claims to have discovered the missing link. Probably the guy that claims Michigan wants a four-cent gas tax.

They say all men are created equal, but there are few of us who can either peddle ice or play football.

If a landslide ever starts in Florida it's going to make California quakes look like small time stuff.

If dancing is poetry of motion the Charleston must be a lot of free verse.

We used to marvel when styles first revealed the vaccination mark. Now it looks as if it was going to be the question mark.

Who knows but when the Detroit aviators reach the point farthest north they'll find that bunch of fake oil stock Dok Cook wrapped around the North Pole that time.

See that your feathered friends have plenty to eat and drink during the days when the ice and snow are tight upon the earth. Then when April showers are bringing May flowers they'll reward you with many a morning song in the trees just outside your window.

The loud cheering you hear on the left is from the fellow who's just got his Christmas hills and winter taxes paid. The lucky stiff.

And Now in Closing—

You must learn not to overwork a dollar any more than you would a horse. Three per cent is a small load for it to draw; six per cent a safe one; when it pulls ten for you it's likely working out west and you've got to watch to see that it doesn't buck; when it makes twenty, you own a blame good critter; or a mighty foolish one, and you want to make dead-sure which; but if it gives a hundred it's playing the races or something just as hard on horses and dollars; and the first thing you know you won't have even a carcass to haul to the glue factory.—George Horace Lorimer.

GOOD HEADLINER AT

TEMPLE THEATRE

Benny Rubin, the popular screen comedian and "Spanish Dreams," a peppy Hispano-American dance revue, split headline honors on the B. F. Keith's Temple Theatre starting Sunday afternoon. Benny Rubin presents a roaring farce called "How It Happened," with May Usher and a company of Broadway farceurs including Gene Doyle, Harry Lang, George Usher and Cecil Ardath. "Spanish Dreams" is an elaborate Hispano-American dancing and band number featuring Mlle. Nita, Alberto Gale, Warren Jackson, Argentina's foremost dancers and Hurtado Brother's World Marimba orchestra. Others billed: Joe Mendel, the \$100,000 eighteen months old baby chimpanzee possessing the intelligence of a five year old child; Ann Suter, the girl with the Southern personality; Nell McKay, Scotland's favorite comedian; the Four Clovelly girls, "Queens of Clubs"; Beegs and Quene, dynamic roller skaters; Charles Chase in "Charlie My Boy," a Hal Roach comedy and the weekly screen subjects.

Bruno's Bite

Dr. W. Trecks of Berlin has invented a machine to determine how hard his dog bites when he whittles down a T-bone. According to the machine the dog must exert a force of 500 pounds to the square inch to bite a bone. Tearing meat of average toughness takes only half as much energy.

SOUTHFIELD
Mr. and Mrs. Melville H. Kennedy of Rosedale Park, visited the Howard Kennedy family Saturday evening, later all attending the dance given by the Tri-Township Community Assn. at the Southfield Community Hall.

SOUTHFIELD COMMUNITY ASSOCIATION
Probably one of the most enjoyable evenings in the memory of the members of the Community Association was spent at the community house, Thursday evening, January 7.

The occasion was the annual election of officers, but the sober business was preceded by a banquet at 7:00 o'clock served by the ladies of the association, with Mrs. Charles Shipp acting as chairman. Covers were laid for ninety-seven and there was not a vacant chair.

Charles A. Perry, the first president of the association, acted as toastmaster. After a few remarks reviewing the success of the association during the four years of

its existence. He presented John Mathison, who has so efficiently filled the chair of president for the past two years with a silver loving cup, appropriately inscribed to show the appreciation of the members for his faithful services.

Mr. Mathison responded very forcibly, thanking the members not only for the mark of appreciation, but also for the co-operation and support they had given him during his term of office. A vocal duet by Lewis Dowsett and Howard Kennedy followed by speeches by the other retiring officers comprised the balance of the program of the banquet. Tables were cleared and the regular business meeting, with annual reports and election of officers followed.

These officers were elected for the year 1926:
Lewis Dowsett, president.
Wm. Rodenhous, vice president.

Charles Collins, secretary.
Charles Shipp, treasurer.

Charles Perry, chairman of executive board.
John Mathison, member of executive board.

Hugo Berns, member of executive board.

The confidence of the membership was shown to Charles Shipp when they unanimously re-elected him for treasurer for the fifth consecutive year.

The business meeting adjourned at 10 o'clock and the rest of the evening was spent in a most enjoyable dancing party.

Many who have wondered at the success of this four year asso-

ciation which boasts but 108 members, yet during the past year has built its own community hall of steel and brick construction would have seen the answer to their query had they been privileged to look in upon this harmonious getting-together of its members.
