BOMB'S DAMAGE — This is one of three windows blown out by a pipe-bomb explosion in the biology lab of Building J, the student activities building of Oakland Community College's Orchard Ridge Campus in Farmington Township. Friday's bombing followed a full week of demonstrations and meetings between students and administrators. No one was injured. (Evert photo)

EXPERTS INVESTIGATE — Experts from state and federal law enforcement agencies were called in to investigate Friday's bombing at the Orchard Ridge Campus in Farmington Township. Checking for evidence above is a member of the Michigan State Police Crime Lab in Plymouth. One of the two bombs was located on the table shown above. (Evert photo)

THINK about your shoes. What did you pay for them? Did you pay more than you had to? If you're not all that happy, maybe you should pay a visit to a Thom McAn store. A long time ago Thom McAn figured out a way to give you more for your shoe dollar. This fifty-year-old formula is simple: Make your own good quality shoes. Make lots of them. Sell lots of them. Sell them for less money. Does it sound like the idea is too simple? Then there's something you should know about Thom McAn:

Thom McAn makes and sells more shoes than any other single shoe store brand in all America.

Thom McAn didn't get to be this popular by giving a bad deal. When you make a lot of shoes, your cost per pair is less. When you sell more, the price can be less. This can be done without sacrificing quality. Prove it to yourself. Visit a Thom McAn store soon. Pick up any shoe. Feel the leathers. Inside and out. The leathers and the shoemaker's details are the same as those in more expensive shoes. In fact, everything's the same as costlier shoes except for the price. What makes the shoe good is Thom McAn—not the price.

At Thom McAn, you get more for your shoe money. And considering what's happening to prices these days, we shouldn't spend more money than we have to. Of course, if every other store sold as many shoes as Thom McAn, they could charge less too. But that's their business. Thom McAn sells more shoes and makes a profit with fast nickels instead of slow dimes. But remember they're your *nickels* instead of your *dimes*. Think about it. **Thom McAn** Common cents.
