NEW LEGISLATIVE DISTRICTS ARE MADE

New representative districts were created in Oakland county the past week by the Board of Supervisors when it adopted the report of its special committee on redistricting. Using the population figures of 1920 the supervisors have divided the county into six districts for the naming of state representatives.
The most important change was the removal of Pontiac city from the first district.
A committee composed of Duncan McRae, F. H. Lessiter, Frank J. Malcolm and Isaac Bond submitted the report which provides that Oxford, Addison, Orion, Grand Haven, Troy, Bloomfield, except that portion recently annexed to Pontiac, West Bloomfield, Southfield, Farmington, Royal Oak Townships and the cities of Royal Oak and Farmington shall constitute the first district. Their combined population according to 1920 federal figures is 39,019. District No. 2 will comprise the townships of Holly, Groveland, Brandon, Ross, Springfield, Independence, Pontiac, Waterford, White Lake, Highland, Milford, Commerce, Lyon and Novi and Pontiac city. Their population is given as 51,831.
The new districts:
District 1, Townships:
Holly
Groveland
Brandon
Ross
Springfield
Independence
Pontiac
Waterford
White Lake
Highland
Milford
Commerce
Lyon
Novi
City:
Pontiac
District 2, Townships:
Oxford
Addison
Orion
Oakland

WEST FARMINGTON SCHOOL NOTES

Our school became an Achievement School March 26, as we received our tenth star then.
Miss O'Connor visited our school last Thursday and gave a reading and arithmetic test. After the papers were scored we found that our sixth grade—consisting of Gladys Krumm, Bessie Palacky and Ada Button were the champions in both reading and arithmetic of Zone 1-C. Of the one-room schools the Hosmer School had the third grade champion in arithmetic; West Farmington the fourth grade champion, Ivan Graham; West Farmington the fifth grade champion, Otto Regentik; West Farmington the sixth grade champion, Bessie Palacky; Nichols School the seventh grade champion and there were several eighth grade champions, Gerald Wisom, from the West Farmington School being one.
We closed our hot lunch club Friday by having a chop suey dinner.
The sixth grade girls are making posters to send to the extension department, now.
Eleanor Roy was the champion in spelling and won the Atlas.

FINEST IN THE WORLD

On May 23 the cornerstone of The Macceabees new \$2,500,000 International headquarters, said to be the finest home office building owned by a fraternal benefit society in the world, will be laid in Detroit. It will be fourteen stories high.
Besides the offices, the building will contain lodge rooms and an auditorium seating 750 people. In the basement will be one of the biggest bank vaults in the country with the society's \$27,000,000 reserve funds well kept. It will be ready for occupancy January 1, 1927. It is being erected as a monument to American fraternity, and in 1928 The Macceabees will celebrate their fifteenth anniversary there.

Give Right of Way

Workers on public highways should always be given the right of way. The heavy machines used by road makers are not easily turned from one side of the road to the other and motorists are expected to make way for them.

Motion made and carried that the rubbish on Brookdale avenue be covered up.
Moved by Hogle, supported by Gildemeister that the recommendations of Mayor Butterfield in regard to dump heaps be adopted. Carried all yeas.
The recommendations were as follows:
1. That all dump heaps within the city limits to which the city has contributed be properly covered or removed by the city.
2. That hereafter no dump heaps be left exposed longer than absolutely necessary.
3. That the ordinance established by the village some years ago relative to "The abating and prevention of nuisances" be revised and re-enacted if not fully covering the matter.
The commission was addressed by Mr. Hogle of Detroit, paying expert and road engineer.
Report of City Assessor Lamb was received and taken under consideration.
Dr. Aschenbrenner was elected health officer for the present year by ballot.
Moved by Hogle, seconded by Gildemeister that the resignation of Justice Miller be accepted. Carried.
The Mayor appointed Johnson and Hogle to report on the matter of licenses.
Recessed until Friday, May 7 at 8:00 p. m.

Filipinos Have Queer Conception of Justice

George A. Fairchild, publisher of the Manila Times, said on his recent visit to New York:
"There is an example of Filipino justice. A tourist woke up one night just in time to see a thief climbing out of the window with his clothes.
"Stop, thief!" he yelled, and jumped through the window in pursuit. His pursuit was so fast and furious, by gum, that after a hundred yards or so the thief dropped his booty. The tourist gathered it up and was hurrying back to his hotel with it when a Filipino policeman arrested him as a suspicious character.
In the police court the tourist told his story angrily to the magistrate; and then he said:
"Yes, I suppose, I can go."
"No," said the magistrate, "we'll have to hold you. Lock him up, officer."
"Hold me! For heaven's sake, why?"
"Because," said the magistrate, "you don't know yet whether or not you're told the truth. Yes, friend, we'll have to hold you till the thief identifies you as the man he robbed."

THE VALUE OF THE SKUNK

We never realize the value and importance of our little friend, the skunk until we watch him, and learn his habits. Sometimes a skunk will pay a visit to the hen house, but that is only when they are forced to by weather conditions, but sometimes some of the skunks keep up the habit, then they should be killed, thus stopping the habit from reaching others of the family.
Some say that skunks destroy a great many ground nesting birds, such as the meadow lark, quail, and oven bird, but I have not found it so. I once observed a skunk den within fifteen feet of a meadow lark nest. It was not molested by the skunks, though the young larks made plenty of noise.
In the summer time this little animal will be seen mostly in the corn fields. This is where they do their most beneficial work. Their time is taken up mostly by searching for field mice, also digging for beetles, white grubs, and corn borers.
The undesirable insects and mice go toward making of fat. When cold weather comes they remain inside their dens, and live on this fat. When March comes they become active and search many miles for a mate. The young are born in May, in groups of from four to twelve, and are nearly hairless. Their eyes do not open until they are six weeks old.
They are quite easy to raise in captivity when one knows their habits, and gains their confidence. They may be operated on and made as harmless as cats, but this is not necessary. When operated on they are even better than cats as mousers.
When they are left alone, he is a good respectable citizen but when you become his enemy his black and white tail is raised in defense.—Friedrich Sheill.

PICK JULY 30 FOR FARMERS DAY DATE

Farmers day, the annual summer gathering at the Michigan State College, will be held on Friday, July 30, this year according to announcement just made at the college.
Except for the addition of new features, the program for the day will be quite similar to that of former years. It will include inspection of the college experimental plots and barns, a big opening program, and a schedule of picnic features.
More than 8,000 farmers and their families gathered at M. S. C. for Farmers day last year.

STATE OF MICHIGAN

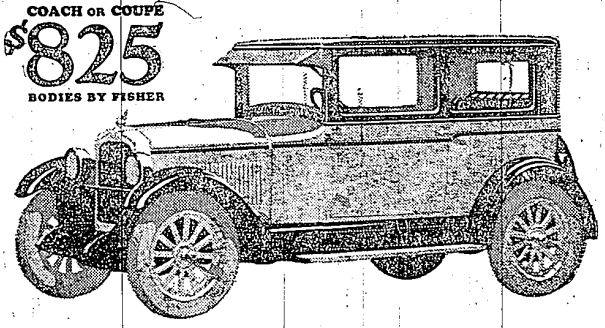

In the Circuit Court for the County of Oakland, in Chancery.
Franklin W. L. Pratt, Plaintiff.
vs.
James M. Culver, his unknown wife, if any,
Daniel S. Lee, or their respective unknown heirs, devisees, legatees and assigns.
Defendants.
At a session of said Court held in the Court House at the City of Pontiac, in said County and State on the 7th day of April, A. D. 1926.
Present, The Hon. Glenn C. Gillespie, Circuit Judge
In this cause it satisfactorily appearing by the sworn Bill of Complaint filed therein, that JAMES M. CULVER, his unknown wife, if any; DANIEL S. LEE, or their respective unknown heirs, devisees, legatees and assigns, are necessary and proper parties defendant to the above entitled cause, and it further appearing by said Bill of Complaint duly sworn, that said JAMES M. CULVER, his unknown wife, if any; DANIEL S. LEE, or their respective heirs, devisees, legatees and assigns, if any are unknown to the plaintiffs herein, and that it is unknown to plaintiffs whether or not said JAMES M. CULVER, his unknown wife, if any; and DANIEL S. LEE, are living or dead, or whether or not any of the unknown heirs, devisees, legatees or assigns may be or reside, although after diligent search and inquiry with particular reference thereto, plaintiffs have been unable to ascertain the same, therefore, on motion of JOHN D. HARGER, attorney for plaintiffs,
IT IS ORDERED, that the appearance of the said defendants, JAMES M. CULVER, his unknown wife, if any; DANIEL S. LEE, or their respective unknown heirs, devisees, legatees and assigns, each and every one of them, be entered in the above entitled cause, within three (3) months from the date of this Order, and that in the event of their appearance or the appearance of any of them, that they respectfully cause their answer or answers to the Bill of Com-

plaint in this cause to be filed, a copy thereof to be served upon the attorney for the plaintiffs within fifteen (15) days after service on them, or such of them as shall have appeared respectfully on or their respective attorneys of a copy of said Bill of Complaint, and that in default thereof, that the said Bill of Complaint be taken as confessed by the said defendants.
IT IS FURTHER ORDERED, that within twenty (20) days said plaintiffs cause this Order to be published in the Farmington Enterprise, a newspaper printed, published and circulated in said County of Oakland and that such publication be continued therein once in each week and at least for six (6) successive weeks.
GLENN C. GILLESPIE, Circuit Judge.

A New World's Record!
10,000 Pontiac Sixes in the First Three Months

During the first three months of its existence more than 10,000 new Pontiac Sixes have been produced and sold—a record not even remotely approached by any other new make of automobile in the history of the industry. And by mid-summer the number produced before fair to exceed the best record heretofore made by any car during its first full year.
Shrewd buyers knew that the Pontiac Six represented three years of research and refinement on the part of General Motors engineers. They knew that its design had been tested—its performance proved, by intensive trial at the General Motors Proving Ground.
And the orders they placed are taxing the Oakland-Pontiac factories to capacity. To insure prompt delivery, get your order on file today.
