**MARVELOUS LOCKFORDS**  
AT TEMPLE THEATRE  
The marvelous Lockfords, famous French dancers direct from the Alhambra Theatre, Paris, with Paul Tisen's orchestra headline the bill at E. P. Keith's Temple Theatre starting Sunday matinee, June 6. The Lockfords offer a combination of classic and acrobatic dancing that requires the utmost in muscle and grace. Paul Tisen, director of the orchestra bearing his name, is a young Russian violinist with an enviable reputation in the European concert field. Others billed: Charles Harrison and Sylvia Dakin, with Benny Oakland in "The Three of Us"; Billy Shone and Louise Squire in "Lobby Follies"; Naughton and Gold, sure-fire comedians; Covan and Ruffin in "The Poetry of Motion"; Three Danubies in "Prison Pleasures"; Archie and Gertie Falls in "A Few Hard Knocks" and the weekly screen subjects.

### Further Light on Bill

From an entrance examination paper in English: "Shakespeare was married when eighteen years of age and became the father of twins, Romeo and Juliet, at twenty-one."

### SAVING SECONDS

Expert railroad men tell us that it takes a fast railroad train an average of seven seconds to pass a crossing. Yet, according to reliable statistics, more than 7,000 automobilists were killed at grade crossings last year. They could not wait seven seconds.

They will wait where they are till Gabriel blows his trumpet for there is no way of beating that.

It is difficult for the driver of a fast-moving automobile to gauge the relative speeds of his car and a swift train converging on the same point from different directions. Therefore there is only one safe rule to follow: Let the train go by.

What are seven seconds in the life of a motorist?

To lose them may be to save 50 years!

### Still Living Languages

The Breton and Welsh languages are by no means dead tongues, each being spoken today by more than a million people. The Celtic family of languages has also several other living members—Irish, Scotch Gaelic and Manx.

### Matrimonial Barrier

A young man in a downtown office who has been contemplating matrimony, has changed his mind. He has discovered the high cost of hosiery. His stenographer asked him the other day to be permitted to visit a ten o'clock sale of hose. He granted permission and she returned triumphant. She had bought ten pairs and considered them a great bargain. The young man was amazed and remarked there were enough hose for a year. "Not a year," the pert young woman replied, "for just about six weeks."—Exchange.

### Old Sofa Proved Mine

The proprietor of a second-hand store at Ottawa, Kan., bought an old sofa from a home where seven daughters had been courted in the parlor. Taking it apart for repairing, he found forty-seven hairpins, three mustache combs, forty-six buttons, thirteen needles, eight cigarettes, five photographs, 217 pins, some grains of coffee, six pocket knives, fifteen poker chips, a vial of headache tablets, thirty-four lumps of chewing gum, nine toothpicks and four buttonhooks.

### Go Over the Top

Let's quit fooling ourselves. Ninety per cent is a fine mark for a boy to make in school—but it is no mark for a man in the school of life. In life's undertakings 71 per cent more would do the trick.

### New Crime

Perfect Lady—(as told in the Times)—"I hear she ain't been saying things about me, and if she don't watch out I'll 'ave 'er up for defamation of character."

### NOT AT ALL NECESSARY

There is no necessity for having a great deal of lawlessness about. We do not have to put up with it, if we do not wish to.

Down in Iowa the people used to be bothered with bank robbers. Finally the citizens took a hand to help out the police. The bankers put in their institutions a couple thousand revolvers, 1,200 rifles, 240 riot guns and plenty of ammunition.

In four years the number of bank robberies dropped from 56 to 6, the loss in robberies from \$250,000 to \$2,500, and 80 out of 89 bandits either went to jail or were killed.

We do not need to keep even the bootleggers around if we do not wish to.
