Everybody's Church
Dr. Helen R. Phelps, Pastor
Coventry Gardens, Farmington and Five Mile Roads

MISS EMPSON MAKES RECORD

Miss Barbara Empson, a member of the graduating class of 1926 of the Farmington High School has the distinction and honor of having perfect attendance during her ten years of school.

Miss Empson has never been absent or tardy from the first day of kindergarten to the final day in High School, a record indeed to be proud of.

This alone is an unusual achievement, but the young lady, who is only seventeen has made the grades in ten years instead of thirteen.

WEST POINT PARK COMMUNITY CHURCH

Children's Day will be held in Pierson Schoolhouse, West Point Park June 27. A baptismal service will be given by Rev. George Gullin, pastor of the Community Church. Mrs. Earl Wolfe is training the children of the district. There will be recitations and songs.

Lesson Evidently Had Been Lost on Elephant

On June 17, 1906, in a zoological garden in Vienna there was a five-year-old elephant, named Maldi which was being admired by a party including a lady-in-waiting at the royal court. Filling her trunk from the great concrete tank which had been provided for her, "Maldi" blew the water straight into the face of the lady-in-waiting. When the emperor heard of the misbehavior he ordered the elephant's tank covered and condemned "Maldi" to go without a bath for the remainder of her life. It happened that the Maldi's birth was a warm day and those in charge of affairs in Austria, figuring that no danger could come from vexing the late emperor's decore, restored "Maldi's" bathing tank. The big beast plainly showed her delight with her first plunge in 14 years. That plunge apparently recalled her last previous one and "Maldi," perhaps thinking it part of the program as before, immediately filled her trunk with water and then emptied it into the faces of the park inspector and half a dozen of his friends who had assembled to watch her get reacquainted with the tank. This time, however, the offence was overlooked.

Erect and Decorate in a Jiffy

Speed up your new building—or remodeling job—by using Sheetrock, the fireproof wallboard. A standard building material—in broad, ceiling-high sheets ready to nail to joists or studs. Makes enduring walls and ceilings that can be immediately decorated. No waiting for walls to dry—no danger of freezing. Nothing better for winter building; dependable and economical at all seasons.

Because Sheetrock does not shrink, warp or bulge, and has a wonderfully even surface, you can use any decorative scheme. Satisfactory results are obtained with wallpaper, paint or calcimine—with or without panels. Easy to erect—easy to decorate—never wears out.

US SHEETROCK The FIREPROOF WALLBOARD

Come in and let us show you the actual sheets and suggest economical, practical uses for Sheetrock.
