

HELP TO MAKE A GREATER FARMINGTON

THE GREATER FARMINGTON ASSOCIATION IS WELL UNDER WAY. NOT ONLY THE TOWN ITSELF BUT THIS ENTIRE AREA IS VITALLY CONCERNED IN THE FUTURE DEVELOPMENT OF FARMINGTON. THERE IS NO DOUBT THAT FARMINGTON WILL SOON COMMENCE TO GROW BECAUSE THE DEVELOPMENT IS RIGHT AT OUR DOORS.

THE ASSOCIATION WILL MAKE FARMINGTON KNOWN AS THE MOST DESIRABLE RESIDENTIAL TOWN NEAR DETROIT. MORE PEOPLE, MORE HOMES, MORE BUSINESS ARE COMING TO FARMINGTON AND WE MUST BE READY TO TAKE CARE OF THE GROWTH.

MANY CITIZENS OF FARMINGTON HAVE ALREADY SIGNIFIED THEIR INTENTION OF SUPPORTING THE ASSOCIATION.

Read what citizens of Farmington say about this Important Plan:

"I am certain that the time has come when Farmington should assert itself and claim the credit that is due. We are now close to the Detroit City Limits and a great change is about to take place in Farmington. We must be ready to see that the beauty and high character of Farmington shall not be cheapened."

Harley D. Warner.

"Farmington is in the midst of a great progress and it is surely the duty of everyone who lives here to take the utmost interest in its future. It is evident that this fine residential town will soon be claimed for building homes. When the time comes we must be prepared for it."

Farmington and vicinity is the best and most beautiful of the land that surrounds Detroit. Let us keep it so."

Wells, D. Butterfield,
Mayor of Farmington.

"I am confident that the future of Farmington is assured a wonderful development. Land values have taken a tremendous rise throughout the Greater Farmington area, and many acres will be subdivided and built upon, within the near future."

Everyone who owns lands or has any interest in Farmington, should get behind the Association if for no other reason than to promote and protect his investment."

Louis Tarabusi,
Realtor.

"Farmington is everywhere recognized as an ideal town for residential purposes. We have everything here that is attractive to the better class of citizens. We have excellent churches, schools, and every detail of a fine modern city."

The coming of the great development that is bringing more people and more homes, will bring new problems for us to face. We must be prepared for them by association."

Rev. E. F. Dunlavy,
Pastor, First M. E. Church.
