GEORGE B. HARTRICK
Announces Candidacy
FOR CIRCUIT COMMISSIONER

I take this occasion to announce to the electors of Oakland County that I will again be a candidate for the office of Circuit Court

venience and service to those requiring actions of this kind.

I have been a resident of Oakland county all my life; am married and have a family of five children, and have been a practicing attorney in the county for the past 13 years. I feel that on account of past experience that

I am qualified for the office which I seek and that on account of the fact that most of the cases heard in my court come from the southern part of the county, I am justified in seeking re-election, and I thank you for any support you may give my candidacy.

George B. Hartwick.

THE BENEFITS OF MILK
ARE SO GREAT
PROVIDED THAT THE MILK
IS PURE

Nourishment alone keeps life at a vigorous level. But there are very few foods that nature has ordained primarily as a body builder. Milk is one of those liquid foodstuffs that builds young and old bodies, if it is PURE.

Ours is PURE.

Commissioners at the Republican primaries in September.

This office has become an important one because of the tremendous amount of real estate activity that the county has experienced in the past few years. The bulk of the work of the Circuit Court Commissioner in this country is to preside over the trial of land contract foreclosure cases, and when you take into consideration the large amount of subdividing that has been done in the southern part of the county, it is only natural that there should be considerable of this work. Since the first of the year I have heard approximately 1200 of these cases and I expect that before the year is over there will be tried in my Court about 3000 cases, most all come from the southern part of the county where I reside and hold by office. I think it proper that one of the two Circuit Court Commissioners of the county should be elected from this part of the county where most of the work comes from, as a matter of con-
