DETROIT UNITED LINES

Farmington Time Table

Eastern Standard Time

Effective Feb. 1, 1926)

Cars leave Farmington for Detroit at 7:54 a.m.

For Redford at 7:25 a.m., 6:25 a.m., 7:45 a.m. and every hour to 4:45 p.m. and at 3:15 p.m., 6:15 p.m., 7:15 p.m., 8:15 p.m.

Cars leave Farmington Junction for Orchard Lake and Pontiac at 7:55 a.m., 7:10 a.m., 4:50 p.m. and 6:20 p.m. 9:10 a.m. Sunday only.

First car leaves Farmington for Northville at 7:45 a.m., then at 6:15 a.m. and every two hours to 4:15 p.m. and at 6:25 p.m.

Cars connect at Wayne with those over the D. J. & C. Hourly limited service to Ann Arbor. *Daily except Sundays and Holidays.

WALLED LAKE

Mrs. Dan Bentley and Mrs. Kirby Long will entertain the Civic Welfare Club Wednesday afternoon. A pot luck supper will be served on the lake shore.

The Walled Lake Cemetery Auxiliary served supper in the Masonic Hall Saturday evening.

Mrs. George Groll entertained the Five Hundred Club last Wednesday.

Rev. and Mrs. Chapman of the M. E. Church are enjoying a two weeks vacation visiting in the northern part of the state.

There was no preaching Sunday morning, but Sunday School was held just the same.

Mr. and Mrs. Earl Bunn have been entertaining their sister-in-law from Canada.

Frances Bachelor is spending the week with her cousin at West Farmington.

Mrs. Mat Voger entertained her sister, Mrs. Tinsman and children of Brightmoor, last week.

Mrs. Marl Bachelor and children spent Sunday with her brother, Starr Graham at West Farmington.

Allen Anscomb has commenced work on the basement for his new house on the Pontiac road.

Lester DeGroat has started building on his lot near Penny Lake.

WEST POINT PARK

Mr. and Mrs. Russel Grover of Detroit, who have recently returned from an extended honeymoon trip in the East, spent Sunday with their cousin, Mrs. H. N. McLean.

Mrs. Grover was Miss Lucille Jewell before her marriage, and is a niece of Senator Cousens.

Little Jean, daughter of Mr. and Mrs. Wm. Martel, had her tonsils removed in Northville Hospital, Tuesday.

Wm. F. Banks is remodeling his home.

Mr. and Mrs. Wm. H. Zwahler and family returned Monday from a few days visit at Toledo.

Mr. and Mrs. Marvin Addis and family, Mr. and Mrs. Emerson Ault and family, spent Sunday at Marine City.

Mrs. E. Allen of 13572 Monte Vista, Detroit, returned home Tuesday after a week's visit with

Mrs. Margaret J. Davis, Mrs. Zwahlen's mother.

CLARENCEVILLE

Miss Eleanor Skolasky and friend, Ray Hallman and Miss Cecile Carrier, visited with Mr. and Mrs. A. Hallman, Sunday.

Clarence Lang of Richland Gardens had his Ford car wrecked Saturday by being struck by a street car. It stalled on the track at the crossing at the Grand River Coal Co. Mr. Lang jumped in time to save himself, but his car is a total wreck.

Miss Lillian Moran of Grand River Crest subdivision, was badly injured Thursday evening at Middle Belt road. Owing to the heavy rain she was carried about 200 feet past her bus stop and while trying to cross the street was struck by a large car coming from the west. She was taken to a doctor at Redford and it was found she had a fractured nose. Her forehead and knees were also badly bruised. She is getting along nicely.

Mr. and Mrs. Harry Mack are spending a few days at Looz Lake.

Mr. and Mrs. Clarence Aldrich and children, Mary, Edwin and Harold, returned home from a three weeks stay on their farm at Torch Lake.

Miss Loretta Kidd left Monday for a two weeks stay in Minneapolis, Minn.

Miss Pearl Jordan and brother Merle of Dayton, O., have returned to their home after a five weeks visit with their aunt, Mrs. C. Aldrich.

Thirty-two children who have been meeting at the home of Mrs. John Chapman of Waldron avenue every day for a month to study Catechism, will make their first communion on the 15th at St. Mary's Church.

Mr. and Mrs. Charles Dredge leave Monday to make their home in New Zealand.

Mrs. J. Hayden of Helen avenue, was injured in an auto accident last week while crossing a car track. Mr. Hayden did not see an approaching street car and to avoid being hit turned to the side striking a telegraph pole breaking it off. Mrs. Hayden was thrown against the front seat, injuring her throat causing loss of speech. Mrs. Hayden is some better at this writing.

The last week has been rather costly for our Clarenceville business people. Several of the stores being broken into. Wm. Whitely losing about \$150 worth of stock. Mr. Brookhart losing money and goods. The candy and soft drink stand near Middle Belt road and Dyers stand at Fourth Gate road were also broken into. The boys who robbed Dyers' place were caught but no clue to the others have been found.

Public Admires Artists Who Show Temperament

Peculiar things endear a musician to the public. There is, for example, the veteran pianist, Vladimir de Pachmann, who once began scolding some people who were talking during one of his concerts. The audience, including the rude ones, gave every evidence of enjoying this outbreak of temperament. The local scribes made a front-page story of his loud verbal displeasure, and papers all over the world commented on the incident. From that time on the pianist has talked to his audience when he plays.

"Pigs! pigs!" he shouted. "You have no understanding of music! I will not play for you!"

Catching sight just then of Mr. Beymer standing in the back of the hall, he yelled: "Come up here! I will play for you, but not for these pigs!"

The manager had to go down front and climb onto the stage, where he sat beside and calmed the irate musician during the rest of the program.

MOST APPROPRIATE

"With these very short skirts I want to wear the most appropriate shoes."

"Yes; but a woman can't wear hip boots."

Language of Love

Once the property of an unhappy queen of France, the consort of Louis XV, a quaint old seal for the marking of love letters is now owned by Miss Clara B. Fishpaugh of Cookeville, Md. A mother-of-pearl handle holds a framework of gilded metal. Within the frame is a wheel which turns freely, and on the wheel are placed six different semiprecious stones, with the seals cut in them. The lady using the seal might mark her letter with the figure of a dove bearing a note in its beak and the words, "Answer quickly." This is cut in the amethyst facet. Or, if she chose to use the bloodstone, she would imprint the figure of a bird cage, from which the bird is escaping, and the warning that "who neglects me loses me."

Rare Find of Roman Coins

When Vienna was Vindobona the Danube was the northern frontier of the Roman empire. Roman legions stood guard from Vienna to Budapest. Large towns marked the camps of the legions. Traces of both are often seen now—baths, mosaic floors, stone sarcophagi, pieces of sculpture and amphitheaters. Also coins and metal theater tickets are found. Recently in the locality of Wallern, in Burgenland, Austria, a workman while digging a ditch found a gray earthenware jug. When he removed the cover he was astonished to find the jug half full of Roman silver coins. They date from the Second century. The find goes to the Burgenland provincial museum in Eisenstadt.

Vermont Winter Sport

A little-known winter sport that takes place among the Green mountain hills is the friendly rivalry of logging teams to bring the largest load through the snow. Of the teams drawing logs to the venerable mill at North Troy, Lemie Carter holds the record of drawing 2,382 feet of hardwood weighing 14½ tons with one pair of horses. George Taylor was second with 2,298 feet of hardwood logs. When weather conditions are favorable these teams make two trips to the log piles daily, with a total distance of 94 miles.

A New Heavy-Duty Power Tube Released

The Demand for Still Greater Loud-Speaker Volume Without Overloaded-Tube Distortion Is Met With a Tube of Ample Electrical Proportions.

New York—In order to provide still greater power from the storage-battery receiver, yet without the need for alternating-current supply, there is

New Heavy-Duty Tube

now introduced the new UX-112 Radiotron. This tube, although no larger than the UX-112 type which has met with such wide favor in storage-battery receivers, is capable of supplying an amazingly large volume of undistorted output to the loud-speaker; and as is the case with other types of power tubes, it is intended for use only in the last stage of an audio-frequency amplifier. The announcement of the new tube was made by Elmer E. Bucher, of the Radio Corporation of America today.

The new UX-112 tube may be operated from a 6-volt storage battery through a 5 or 6 ohm rheostat or, if preferred, it may be operated from a 5-volt source of alternating current supply, according to Mr. Bucher.

The maximum plate potential of this new tube is 150 volts. The negative grid bias or "C" battery should be 40.5 volts for the full 150 volt plate potential, with correspondingly less grid potential for lower plate potentials. The following table gives the recommended values and also shows the approximate DC plate current for each value of plate and grid voltages:

Plate Voltage	Negative Grid Voltage	Approximate Plate Current	Milliamperes
150	40.5	20	
137.5	33.0	18	
125	25.0	16	
50	16.5	10	

So powerful is the output from the

new UX-112 when operating at its full capacity that it is imperative that a transformer or choke and bypass be placed between the tube and the loud-speaker. Accordingly, it is recommended that the plate current, or output from this power tube, be delivered to an audio-frequency choke of from 10 to 30 henries, shunted across the output, together with a 2 to 6 microfarad bypass condenser in one lead to the loud-speaker and a direct connection for the other lead, an arrangement already in extensive use. Again, if preferred, the output may be delivered to the primary of a 1:1 output transformer the secondary of which is connected with the loud-speaker. In either event, the direct current from the tube will not flow through the loud-speaker. The purpose of the transformer is to insulate the loud-speaker from the high voltage used on the plate of the tube and thus keep the high potential within the cabinet which houses the set. Only the desirable AC component will be passed. This operates the loud-speaker.

The new power tube is provided with the RCA large standard "UX" base which fits all standard Navy bayonet type sockets, as well as the new push type or universal sockets.

Characteristics of UX-112 Power Radiotron
Appearance.....Same as UX-112 Base. RCA large Standard "UX" type
Filament Voltage.....5.0
Filament Current.....0.5 amperes
Plate Voltage.....150-160
Negative Grid Bias.....-40.5-40.5 volts
Plate Current.....10-20 milliamperes

Illuminating Facts About the Radio

Homes having radio receivers	5,600,000
Broadcasting Stations in the U. S.	556
Broadcasting Stations throughout the world	922
U. S. vessels equipped with radio telegraphy	1,500
Foreign vessels equipped with radio telegraphy	9,000
Licensed broadcast receivers in England	2,000,000
Broadcasting Stations in United Kingdom	21
Estimated Broadcast listeners in U. S.	20,000,000
Persons directly or indirectly employed in radio	250,000
Newspapers publishing programs in U. S.	15,000
Radio Fan Magazines	20
Magazines publishing radio sections	40
Books published on radio	500
Persons employed on preparing and rendering programs weekly	12,000

Natural Permanent Wave Guaranteed

We are now equipped to do permanent waving. No water wave combs or finger waving necessary. A natural wave guaranteed for 6 months. Phone 71. Northville for appointment.

NEXT WEEK
Thursday to Saturday

The Oakland County FAIR

The Old-Time Fair with the New-Time Features

August 18-19-20-21

Day and Night--At Milford

THE MANAGEMENT PRESENTS

Three Days and Nights packed full of good things, entertainment thrills and profitable exhibits

THREE DAYS' HORSE RACING

Thrilling speed contests on a new clay track, one of the fastest in the state. Liberal purses.

BASE BALL TOURNAMENT

For purse of \$400.00 and the County Championship. Games Thursday, Friday and Saturday.

CIRCUS AND VAUDEVILLE ACTS

These Free attractions include "Sky-rocket," the human comet, "The Three Jordans," clowns and acrobats, and the "Bucking Ford," a new comedy act.

PLENTY OF MUSIC

Holly Band has been engaged for Thursday and Saturday, Oxford Band for Friday. Both are first class.

LIVESTOCK AND POULTRY

Present indications are that exhibits in these departments will eclipse all previous shows at this fair.

THE DOG SHOW

Will be a real feature this year. A liberal premium list is arranged. Friday and Saturday only.

NIGHT FAIR AND FIREWORKS

The Night Fair will present all exhibits, circus and free acts and a fine program of fireworks. Don't miss the Night Fair.

MIDWAY AND RIDES

The Midway at this fair is fast outgrowing the grounds. There will be plenty of rides for children of all ages.

A Regular Fair!

It's Next Week!
