## EARL CARROLL VANITIES

The Earl Carroll Vanities, America's Greatest Revue, fresh from New York, will come to the Shubert Detroit Opera House, on Sunday Sept. 26th, for an engagement of two weeks (matinees Wednesday and Saturday) with the original production from Earl Carroll's Theatre. The girls' musical revue played for thirteen months in New York and earned the reputation for having "The Most Beautiful Girls in the World."

Vanities represents a pioneer movement in entertainment there is not a conventional or stereotyped feature in this revue and one surprise follows another so rapidly and continuously that the audience is enthralled with the sensational and daring innovations.

The dances and ensembles were directed by David Bennett; the music is by Clarence Gaskill and the sketches and dialogue were written by William Grow. The decorations were designed by Willie Pogony and the art and technical direction is by Bernard Leh-muller.

With the Vanities Mr. Carroll is sending Joe Cook and Frank Timney as the stellar comedians and Frances Marchant as the principal dancer. Beautiful and regal Irene French, the official "Miss Broadway of 1926" and the state-ly Ethel Dale, famous as the girl with the most beautiful legs in the world. Jack Redmond, the trick golf expert and Major Wallace McCutcheon are also with the company, together with Renee Lowrie, the prima donna. The complete and massive production with its company of over one hundred, makes Vanities one of the biggest organizations that ever went on tour therefore making it impossible to play other than the large cities. Detroit is the only city in the state of Michigan where this company and production of Vanities will be shown. After the Detroit engagement this company proceeds to Cleveland and into Chicago.

Among the tuneful hits are "Kiss in the Moonlight," "Beautiful Ladies of the Night," "I Thank You," "At the Gate of Roses," and "Yvonne."

The entire production is under the personal direction of Earl Carroll. Special attention will be paid to mail orders. Prices: Evenings \$1.00 to \$3.50. Popular priced matinees 75c to \$2.00.

She—I wouldn't marry you if you were the last man on earth.  
He—Why, dearie, if that was the case, I'd be entertaining the whole set of the Follies at their expense.

## Broom Handles in Demand

In spite of the increasing use of vacuum cleaners and hardwood floors calling for dust mops rather than brooms, there are 60,000,000 broom handles made yearly in the United States alone. Much of the American output is used at home where some large broom factories may be found in the Middle West, but the output is sold also in Hawaii, Canada, Great Britain and other parts of Europe.

## Giant Douglas Fir

An 18-foot photograph of a Douglas fir, placed in the lobby of the Seattle (Wash.) chamber of commerce, represents one of the largest photos of a tree ever printed. The photograph is remarkable in that it takes in most of the tree. The giant fir was found on the Caribou river, is 285 feet tall, its lowest limb 145 feet from the ground and has a diameter of ten feet six inches.

## Expert Wood Splitter

Maguire Blair, eighty-two, known throughout Ontario, Can., for his extraordinary ability to saw and split wood, died suddenly at the home of his son at St. Catharines. Blair had earned the distinction of cutting and splitting a cord of wood in 38 to 40 minutes and had engaged in his favorite occupation about 20 minutes before he expired.

Economy of words is the first rule of good writing.
