## How to Resuscitate a Dog

## "We Serve Michigan"

This Railroad Plant of Ours and What it Means to You

AMERICAN railroads are hauling more freight than at any time in their history.

They have averaged over a million loaded cars per week during the current year.

This service consists in moving commodities from the point of production to the one of consumption.

It is a tremendous work that has been done and it establishes a new high transportation record for the world.

That service has been performed with regularity, uniformity and dispatch. Through these, the business of the country has been given added impetus.

It has been estimated that through the improved service a saving of one and a half billions of dollars per annum has accrued to the people of the United States over the service that obtained in 1920.

This sum represents the advantages gained through the orderly manner in which our railroads are now functioning.

Our railroads have attained the highest record for the average daily movement of freight cars ever reached, and, likewise the best performance in use of fuel.

So much for the new record of the railroad of the United States.

THE plant, which comprises the railroads that serve Michigan's varied industries, has contributed its share in this proud national achievement, and in the saving of one and a half billions of dollars, through lessened inventories carried by our business institutions and made possible by the accelerated service. This has been achieved, too, while facilitating the even flow of production as well as the orderly diffusion of commodities.

Michigan has received great tangible benefits, since it is now a veritable beehive of industrial activity.

Michigan will continue to progress only so long as its railroads continue to enjoy the undivided support of the communities they serve.

Michigan people, as a whole, farmer and manufacturer, preacher and teacher, office employee and laborer, are cashing in through this new outlook on transportation, so vital to the public weal and welfare. Our people will continue to cash in only so long as this understanding is maintained.

We have much to gain—the people and the railroads alike—in prolonging this understanding.

We can keep Michigan in the vanguard of economic importance only through the continued expansion of our industries and by keeping our railroads just ahead of the country's transportation needs.

## MICHIGAN RAILROAD ASSOCIATION

When the people of Michigan cast their ballots on Tuesday, Nov. 2, for Republican candidates for State officers, they will be voting for, and actually will put in force and effect in this State, the following principles which are pledged in the Party's platform:

"ADMINISTRATIVE Board." Our purpose is to give the Board power to over-rule the Governor's veto. "Accounting," to be under the control of the legal auditor, the Auditor General. "Taxation," to be reduced by economy. "Primary Law," no changes to be made in it which would deprive the people of final decision in the selection of candidates. "Law Enforcement." We stand for swifter and sterner justice and for respect for and obedience to all laws. "Pardons and Paroles," only when reformation is a fact, after consultation with trial officers and prison warden. "Welfare Work," in which the State cares for its wards. "Education," with liberal appropriations for buildings and equipment. "Highways," a comprehensive highway building program, with due regard for the tax burden. "Public Health." Michigan has made splendid progress in this direction in co-operation with the medical profession. This policy should be continued. "Conservation," a program that calls for education rather than punishment. A forward-looking plan for its promotion. "Agriculture." The influence of farmers will be joined with that of Republicans of all classes for legislation favorable to agriculture. Michigan should lead in the work of assuring the farmer a profit. "Labor." Representatives of labor must be given more recognition on State Boards, the workmen's compensation act strengthened and made adequate. "Women." It is our purpose to apply in practical manner recognition of women in Public service. "Soldiers," a square deal. "Candidates and Party." Faith in the protective tariff and a sound currency; in the leadership of Coolidge, and in Congressional, Legislative, and County candidates.

(Signed) REPUBLICAN STATE CENTRAL COMMITTEE.
