

We Welcome Young Men

We welcome young men to our bank. Our experience has proved to us, time and again, that it is the young men, who early form the habit of saving, that later in life become the solid business men of the community.

Get the banking habit now—learn how we can help you, and it will not be long before you start to reap the benefits.

A Community That Looks Ahead GOES AHEAD

We all look to the future to bring about a better day—with a happier method of living. When our material possessions become a little greater, when we can enjoy more of life's pleasures, when our environment is better, then life will be better,—more worthwhile. That is human nature.

But great good luck comes unexpectedly to only a very few. Most good fortune is the result of honest effort.

We, of Farmington, have the good fortune to live in a community blessed with the most desirable elements of human existence—near the fastest growing city of the world.

The future holds wonderful possibilities. To actually realize these possibilities in a way that will benefit Farmington to the highest degree should be the purpose of every loyal citizen.

The Greater Farmington Association is looking ahead. With your help, Farmington is bound to go ahead.
