**COUNTY RED CROSS WORK**

During the year ending September 30, 1926, 1,993 calls made up the volume of work of Home Service Section. This included 796 calls to the office, 668 telephonic calls—both from and to the office, and 539 calls made to homes, in the interest of the various cases. There have been 207 cases in charge, which is a decrease of 61 cases over the previous year, as we have filed very few applications for compensation, since the time limit on most cases has expired.

"While the number of office calls has decreased, the work required on each case is more difficult, and more home visits are necessary, which visits require considerable time as some of them are in remote parts of the county. The U. S. Veterans Bureau very often asks that home visits be made relative to present physical and mental condition of some of the ex-service men and also that a number of calls be made in the interest of having guardians appointed for minors. Some investigations are also made for the government, requests usually coming through Red Cross Field Directors, when men in service ask to be discharged.

During the current year, \$1,236.52 was expended for the relief of disabled ex-service men and their families throughout the county, but \$514.33 was reimbursed us on loans.

A great many applications for Adjusted Compensation, or Federal Bonus have been filed, as well as applications for dependent's Federal Bonus. However, case records are not made on these applications, excepting where there is some problem that will need further attention. Applications for the Federal Bonus must be filed on or before January 1, 1928, so it will be necessary to give this much publicity as possible and to urge every veteran, who has not filed application, to do so before that date. The Adjusted Compensation is in the form of a 20-year Endowment Policy so it is to the advantage of the Veterans to make application at once.

A great deal of assistance has been rendered during the year in obtaining reimbursement from U. S. Veterans' Bureaus of \$100 on funeral expenses, which is allowed for veterans who served in any war since 1897.

It is our understanding that there are 650 patients in the U. S. Veterans Hospital No. 100, Camp Custer, for nervous and mental patients. This number is greater than it was planned to hospitalize there, so it is impossible to procure treatment there at the present time for any ex-service man if his mental or nervous disability is not due to service. The regulation reads that treatment will only be given when the government has facilities in hospitals for caring for veterans whose disabilities are not service connected. A large box of used clothing was sent to the Red Cross Service in U. S. Veterans Hospital No. 100 at Camp Custer last fall. Some non-compensable patients were not clothed very warmly but the Government has now passed a ruling that will take care of this situation.

Some assistance has also been given relative to procuring dependent's compensation for parents and minors.

**Used Novel Method to Put Lions to Flight**

Lions are numerous in Rhodesia, South Africa, and on dark, moonless nights they swoop down on some native cattle stockade. All of them stand outside the six-foot pallings and roar in unison. The women shriek in fear, the men blow trumpets and yell and the cattle stampede. This explains the clamor of a South African station master who sent a telegram down the line:

"Please send further police protection. Signal man up post. Lion at bottom."

"When the train arrived, the engineer saw a full-grown lion stalking the signalman, who was clinging to the top of a signal post, relates Harold T. Wilkins, in Popular Mechanics Magazine. The terrified station officials had barricaded themselves in the railroad buildings. The engineer gave a little turn to a switch in the cab and a roaring, hissing cloud of steam burst from the engine's valves and cylinders, accompanied by a series of blasts on the whistles, scattering the lions back into the jungles.

"Perhaps Mr. Ford seeks to aid Divine injunction by adding, 'And one day shalt thou sliver.' Subscribe to the Enterprise."

**CLARENCEVILLE**

**SILVERTOWN ORCHESTRA**

**TEMPLE HEADLINE**

The E. F. Goodrich Silvertown Cord orchestra, and the silver masked tenor headline the bill at B. F. Keith's Temple Theatre starting Sunday matinee, November 21. The Silvertown Cord orchestra has become one of the best known musical aggregations on the air. It was formally organized in December, 1924, under the supervision of Joseph Knott, musical director of the Waldorf-Astoria hotel, New York city. It

is composed of 15 solo artists on the instruments they play. Their weekly audiences are scattered from the Atlantic seaboard to the Rocky Mountains. Others billed: Thomas E. Shea in "Spotlights," being dramatic flashes of "The Cardinal," "The Belle" and "D. Jekyll and Mr. Hyde," "America," premiere ballerina, Harriet Hector, and William Holbrook in "Dancing As Usual," Jalk McLallen with "Sarah" and Company; Mack and Rossiter in "A Modern Occurrence," Sylvia Loy and Company in her original novelty; The Four Kadex with their wonderful anchor and the new screen subjects.

**Air Mail Routes Wolves**

Sheep men in Wyoming have made the discovery that the coyotes and wolves have abandoned the ranges entirely for less civilized haunts as a result of the powerful beacon lights on the transcontinental air mail route. A new problem has arisen, however. The slumber of the sheep on the ranges is being disturbed by the bright lights, and the flocks refuse to bed down but continue feeding during the night.—Exchange.

**City Medical Products**

The New York department of health manufactures and sells certain medical products—a fact not generally known. The annual report of the bureau of laboratories of the city of New York states that there is an extensive demand for its products from all parts of the United States, Europe, Asia and Africa. In 1925 the number of items distributed was 1,405,210, with a value of \$310,189.

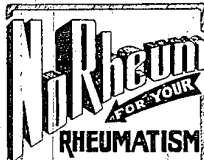

**Tremendous London**

Visitors from every corner of the world will visit London this summer, but even those who live in it are quite unequal to visualizing the astounding fact that 8,000,000 people dwell in greater London.

This is over 2,000,000 more than the vast continent of Australia contains, and only 1,500,000 fewer than the people of Canada. There are 11,000 people to the square mile in London, compared with but less than two in Australia.—Exchange.

**Studying Wild Life**

Scientists in Sweden are making a systematic study of the mysterious ways of the birds of the air and the fish in the sea. What routes the birds of passage follow at the end of each season, and where the schools of fish come from as well as why they swim in certain directions are some of the problems investigated.

**NO-RHEUM**

A Time Proven Preparation For RHEUMATISM—SCIATICA LUMBAGO and GOUT

No-Rheum bears the endorsement of thousands who have experienced quick and lasting relief from the tortures of rheumatism in its various forms. People in all walks of life—from wheel chairs—from crutches—from pain-racked beds—young and old alike—unhesitatingly recommend this famous preparation to their relatives and friends. No case is too severe, or long standing that it will not respond to the action of No-Rheum. It is unlike any of the so-called "cures" for rheumatism.

It is a secret formula containing essential vegetable and mineral drugs combined with a special ingredient responsible for its efficiency. If you suffer from rheumatism we urge you to profit by the experience of thousands who have benefited by No-Rheum. Rid yourself of rheumatism without risk at minimum expense. \$1.50

For Sale at SMITH PHARMACY and CENTRAL PHARMACY Farmington, Mich.

Money-back Guarantee If after taking three bottles of No-Rheum, according to directions, you feel that you have derived no benefit from this remedy—simply return the empty bottles to your druggist who is authorized to refund your money.

MICHIGAN TESTING LABORATORIES, Inc. Detroit, Mich.
