

AQUARIUS (Pat. Pending) — Beauty in the form of shapely flowers and a gorgeous two-tone pink coloring garnered a coveted All-American award for this grandiflora rose.

COMMAND PERFORMANCE (Pat. Pending) — The only hybrid tea to win an All-America Rose Selections award for 1971. Magnificent orange blossoms of large size on long stems make this variety outstanding among the new roses.

REDGOLD (Pat. Pending) — 1971 AARS award winning floribunda will put out a brilliant display of fiery chrome-yellow and orange-gold blossoms throughout the blooming season.

Here They Are:

'71 All-America Rose Selections

Rose lovers here they are, the illustrious three, winners of the All-America Rose Selections For 1971. They join the roster which includes the rose-red hybrid, First Prize, winner in 1970. The year before Angel Face, Comanche, Gene Boerner and Pascali shared top honors. And so they go back to 1940. The only year that is not represented is '51 when none of the introductions were equal to the rigid AARS standards.

AQUARIUS — a tall and vigorous new grandiflora rose bearing great quantities of shapely, mildly fragrant, blooms throughout the spring, summer and fall.

The practically always perfect buds are urn shaped, rather long in proportion to their width, and are produced both on long single stems and in clusters of two and four. The light to medium pink petals, usually 30 to 35, are tastefully brushed with deep pink at the margins, giving a picotee effect.

The flowers, medium in size, ranging from 3 1/2 to 4 1/2 inches in diameter, are of a fine, durable substance with a lasting quality of seven to nine days.

The large, erect, truly grandiflora type plants are clothed from top to bottom with heavy, semi-glossy foliage, having average resistance to mildew and black spot. With its profusion of long stems, well proportioned roses, this variety should provide excellent show material and most attractive blossoms for table arrangements as well.

Aquarius was originated by Dr. David L. Armstrong using (Charlotte Armstrong x Contrast) x (Pandango x World's Fair x Floradora) as parents.

COMMAND PERFORMANCE — the only hybrid tea to win an AARS 1971 award, and one of the outstanding orange roses of all times. The lovely, sweetly scented blooms fulfill the demand for a larger flower in this brilliant color and, because of the heavy texture of the petals, hold their beauty throughout the flowering season, even in the hot days of summer.

Command Performance constantly produces its regal buds, opening into exquisite floresent orange-red, high-centered, star shaped flowers, some four to five inches across. The blooms are presented on long, strong stems, lending themselves gracefully to artistic bouquets whose attractiveness is enhanced by the delightful "old rose" fragrance that fills the air about them.

The plant is very vigorous, rather tall growing, well-branched, shapely, and abundantly clothed with dark green foliage.

REDGOLD — Fresh from winning a certificate of merit of the Royal National Rose Society of Australia, Redgold crossed the broad Atlantic from its home in Ireland to win an All-America award in the floribunda class for 1971.

This fiery bi-color begins as small, pointed, yellow buds whose outer petals slowly unfold to a brilliant chrome-yellow bloom with

with the petal edges becoming dark and black, and the blooms take on a glowing orange-gold hue.

The bush of Redgold, in true floribunda fashion, is very compact and shapely. Two to 2 1/2 feet high and as broad, and well covered with medium green, rounded leaflets.

Redgold, in true floribunda fashion, is very compact and shapely. Two to 2 1/2 feet high and as broad, and well covered with medium green, rounded leaflets.
