

## An Accurate Measurement

The strength of a bank may be measured by its statement of condition.

Or indicated by the ability and integrity of its board of directors.

Even the architectural massiveness of its beautiful building may enter into a measurement of its strength.

But when measured by the extent and quality of service it is prepared to render, its true strength is revealed.

The last is our favorite.....our banking facilities are placed at the disposal of this progressive community.

Gift:

The Enterprise

No Objections as Yet  
Tightwad (near Christmas)—Why do you treat me so coolly? Do you object to my presence?  
She—Why, really, I shall be better able to tell you after I've received them, you know.

### NOT FAIR.

Her Darling, you be my Christmas present and let me be yours.  
She: It's customary for a man to give a girl more than she gives him.

### Super-Silk

She—I don't expect a thing to my stocking this Christmas, you're so stingy lately.

He—You buy such expensive stockings I have nothing left to put in them.
