Gentlemen:

It gives us a great deal of pleasure to say to you, in the first place, that through the long distance service, we are in close touch with the outside world and, in the second place, it is a quick convenience as a buyer and seller.

Besides these, with markets changing or matters to discuss and settle and with the large number of salesmen we have and the many customers, to be able to get the quick and personal touch, makes the long distance phone very valuable and important to us.

Yours very truly,

WORDEN GROCER COMPANY

To be able to get the quick and personal touch, makes long distance very valuable and important to us.

MRS. SHIPMAN OPENS A TEA-ROOM AT ENTRANCE TO EDGEWATER PARK

A new tea-room, dainty and inviting has been opened near the entrance to Edgewater Amusement Park, on Seven-Mile Road near Grand River. The new tea-room, is being operated under the personal supervision of Mrs. M. Shipman.

The new luncheon and refreshment place is located on the Seven Mile Road, just within the park grounds. The management plans to cater particularly to bridge parties and bridge luncheons, although prepared to give tea-room and fountain service at all hours.

Mrs. Shipman, who has an enviable reputation in the management of tea-rooms, plans to appeal to her clientele especially through the serving of home-made rolls, pies and cakes. All of the food served will be wholesome and served in attractive surroundings.

The tea-room will be open from noon until one a. m., and is especially inviting in summer. It is located in a well-shaded house and has a wide, commodious porch. Reservations may be made by telephone, (Redford, 2613). Reasonable prices will prevail, according to Mrs. Shipman.

Baked pears are a pleasant variation from baked apples. If the flavor is not very pronounced, a little lemon juice will tone it up.

Send to the United States Department of Agriculture for Farmers' Bulletin 1471-F, "Canning Fruits and Vegetables at Home," before you are confronted with a large garden surplus.

Cooked cucumbers may be a novelty in your family. Pare and quarter them, and prepare as you would steamed squash. Serve with melted butter or a sauce if desired.

Oil cloths used in polishing floors and woodwork are a serious fire risk and should either be destroyed immediately after use or kept in a tightly covered fireproof container.

A New Car Built for American Use and Sold at an American Price

Open American roads—congested American streets—towering American hills—trails deep with American sand.

Oakland engineers had them all in mind when they designed the new All-American Six—when they gave it hurricane power and never-fading reliability—when they made it a car for the world to admire.

It's entirely new—new bodies—new chassis—new engine—and new low prices.

New bodies by Fisher—fashionably smart—longer, lower and reflecting the best American traditions of motor car beauty.

In the new chassis—new length and strength from a longer, deeper frame—new comfort and high-speed roadability from a longer wheelbase (117") and a lower center of gravity.

And the engine—the largest used in any car of Oakland's price! 212 cubic inches displacement—a

78½ lb. crankshaft—bridge truss crankcase construction for rigidity.

Oil, air and gasoline filters, new vacuum-type crankcase ventilation and gasoline pump to the carburetor for economy and peak performance. Oakland's rubber-silencing principle and the Harmonic Balancer to eliminate vibration. Never before such an engine! Prove it yourself at the wheel.

All America is enthusing about the All-American Six. Come in today—and join the crowd!
