SmartCARS

It used to be that buying a car meant choosing between New Car Sticker Shock with instant depreciation or Used Car mystery with high mileage and suspect condition. Now there's an alternative. Smart Cars available only at Bruce Campbell Dodge, are extremely low mileage vehicles. These previously leased buy backs have never been titled to an individual. They're the most popular vehicles available and come with a majority of the manufacturer's warranty. And most important, with the Smart Car, the initial new vehicle depreciation has been eliminated making the purchase price far less than the identical vehicle.
