## Why Tyson should have been a contender

By Steve Paschal

When defending heavyweight champion Evander Holyfield steps into the ring against Italian challenger Francesco Damiani in Atlanta Saturday, Nov. 23, fight fans will have a pretty good idea who the eventual winner will be. But there's already no doubt that they are the losers in this prime-time, pay-per-view money grab.

Former champion Mike Tyson's tender ribs prevented what a felony indictment could not: a confrontation between great fighters that created the illusion of good vs. evil and promised to line the pocketbooks of the fighters, promoters and anyone else who could get their hands on a piece of the pie.

Those who felt that a man accused of a violent crime shouldn't be allowed to fight for the heavyweight championship until he has been cleared of those charges might consider Tyson's injury, which has cost him well over \$10 million, to be poetic justice. However, that doesn't change the fact that what once was a great main event has become a Holyfield sparring session.

Damiani looks impressive enough on paper. He was unbeaten in his first 27 professional fights before being stopped by Ray Mercer in January. But the only reasons to pay to see this one are if you like one-sided fights or if you think that Damiani could pull a Buster Douglas. Don't bet on the latter.

This NBC series actress played the prostitute Rowena in both the Broadway play and motion picture versions of *Bloxi Blues*.
