In 1898, the New York World hailed The Salvation Army kettles as "the newest and most novel device for collecting money." Now, 100 years after the first kettle was set out, instead of just providing Christmas dinner, the money raised is also used to provide grocery checks so families can buy and prepare their own dinners at home. And this is important when times are as tough as they are, because

you never know who will need that extra bit of help... it could be your neighbor, a friend, a relative, or it could be you. Help The Salvation Army, join us in standing together to help meet the needs of those going through difficult times. Contact your local Salvation Army or stop by a kettle for more information.

Molly is frightened and alone. Fortunately, help is just inches away.

Molly needs your help. She was brought to us by someone who found her shivering in an alley between two garbage cans. Perhaps, like many stray animals, Molly was abandoned by her owner. But chances are she never had one.

Sadly, Molly's story is not unique. The Michigan Humane Society is filled with cage upon cage of animals who have been abandoned, abused, or are simply unwanted.

But with your help, these otherwise tragic stories can have happy endings. Because every time you make a donation, you're making a difference in the life of at least one animal.

You could be feeding a litter of kittens for a month. You could be sending out the rescue vehicle that saves three dogs from freezing to death. Or you could be helping prosecute a case of animal cruelty. Your donation can also

help buy these homeless animals what they need most: The chance of adoption.

So in this season of giving, please give Molly and others like her that chance. The Michigan Humane Society is filled with so many animals in such desperate need of help.

But when you send in your donation, help is on its way.

Yes, I would like to help. Here is my holiday donation.
