

plymouth leaders pledge community support

By James B. McKeon
Mayor of the City of Plymouth

Each year Michigan Week gives us the opportunity to reflect on the happiness and livelihood we derive from living in our state, city and neighborhood.

IT ALSO gives us the opportunity to look at those aspects of our daily life that we want to improve as a community. Plymouth is doing that.

This year, construction

will begin on the cultural center and the historical museum. The cultural center, financed largely by tax dollars, will build for our future, while the new historical museum, financed largely by private funds, will hold onto our past.

LAST SATURDAY'S conference (May 15) -- "Step One To Progress" -- saw business, community

and civic leaders pledge their efforts to strengthen Plymouth's business and commercial community.

Plymouth will continue to be a cultural and

economic leader in western Wayne County because of the strong leadership that continually steps forth from its citizenry.

3600 III is ultimate in copy service

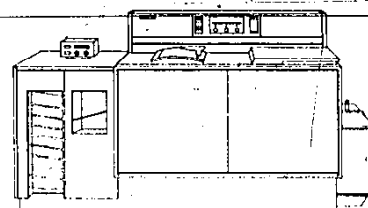

DUNN BLUE PRINT COMPANY, which is celebrating its 30th Anniversary this year is proud to announce that The Dunn Copy Service Branch in Southfield, has the newest hi-speed copier the XEROX 3600 III available for copy service to customers.

The 3600 III makes brilliant copies from all kinds of originals. Typed pages, photographs, printed pictures, tapes of figures,

real estate listings, memos and drawings.

It can make copies on your letterstock, ordinary paper or colored stock and it can produce them fast. By fast, they say 250 good copies, in four minutes without any warm-up time or any time wasted in making a master or setting up a press. Every copy from the first to the last is the same good quality. Most important, the cost to the customer is the lowest.

Dunn prides itself on its service plus quality and with the addition of the 3600 III to its other reproduction equipment they feel that their motto of "We Can Copy Anything" might be changed to "We Can Copy Anything Better Now."

**THE NEW MACHINE IS THE XEROX 3600 III
