# Harrison boasts squad with balance of ability

Having most areas of the track and field covered with talented ath-tetes, Farmington Hills Harrison an-ticipates a successful season in the

tees, all influent instruction in the sport.

"When I look on paper and see who's coming back. I think our division will be tougher than it's been in quite awhile," Harrison coach John Schumacher sald, "but we'll be competitive and right there with the cough teams."

The Hawa, who began the dual-meet scasor Thursday with a victory over Livonia Stevenson, were sisth in the Western Lakes Activities Association hast year. In the field const, Harrison has always a solid group of throwers, and that should be the case again cepted the loss of Tony Shaleb, the WilAA champion in the shot put, and Blazo Sarevich.

SOPHOMORES SCOTT Gurke and Brock Gove, junior Djordge Ra-

The Hawks will benefit from a cross country team that was second in the WLAA and won a regional title and the top speedsters off the champlonship football team.

Senior Roy Granger is the defending WLAA champ in the 200-meter dash, who ling that event in 2279, and senior Duante Anderson was seventh in the 100 dash at 11.7. Granger was an all-state tailback in football and Anderson a fleet-footed receiver.
